FREE WILL ASTROLOGY

BY ROB BREZSNY

ARIES (MARCH 21-APRIL 19): The term “maze” has various meanings. Most commonly, it signifies a puzzling cluster of choices that lead nowhere and bode frustration. But there are more positive meanings of the word. In ancient myths, a maze was where heroes underwent ritual tests. There they might summon ingenuity to win access to a hidden treasure. In modern psychology labs, the maze is a structure used to stimulate learning in rats. According to my analysis of the astrological omens, the maze you are now in is metaphorically akin to the second two meanings, not the first.

TAURUS (APRIL 20-MAY 20): There is an abundance of good news, Taurus. In the coming weeks, your conversations could awaken realizations that will augment your wealth—both the financial and emotional kind. So be eager to commune with vigorous souls who inspire your power to attract resources and goodies. Furthermore, you could generate enriching benefits for yourself by engaging with unfamiliar influences that are outside your web of expectations. Don't be too sure you already know everything you need. Helpful surprises could arrive if you're extra open-minded.

GEMINI (MAY 21-JUNE 20): Though 2024 isn't even half over, you have already earned the title “Least Boring Zodiac Sign of the Year.” Or maybe a more positive way to frame it would be to award you the title “Most Scintillating, Interesting and Stimulating Zodiac Sign of the Year.” Please keep doing what you have been doing, Gemini. Entertain us with your unruly escapades and gossip-worthy breakthroughs. Encourage us to question our dull certainties and dare us to be more fun. If we seem nervous to be in your stirring presence, disarm our worries with your humor.

CANCER (JUNE 21-JULY 22): Your subconscious mind is full of marvelous capacities and magic potencies. But it also contains old habits of feeling and thinking that influence you to respond to life in ways that are out of sync with what's actually happening. These habits may sabotage or undermine your conscious intentions. Now here's the good news: In the next nine months, there's a lot you can do to dissolve the outmoded imprints. You will have more power than ever before to perform this wizardry. So get started! How? Ask your subconscious mind to send you intuitions about how to proceed.

LEO (JULY 23-AUG. 22): The fairy tale “Jack and the Beanstalk” will serve as a prime metaphor for you in the coming weeks. Ruminare on its themes as being applicable to your life. I'll refresh you with the main points of the story. Young Jack and his mother need money, so she decides to take drastic measures. She bids him to sell the family cow at the marketplace a few miles away. But on the way into town, Jack meets a man who coaxes him to sell the cow in exchange for magic beans — not money. When Jack returns home, his mother is angry at his foolishness. In disgust, she flings the beans out the window into the dirt. Later, though, the beans live up to their promise. They grow into a giant beanstalk that Jack climbs to reach the lair of a giant who lives in the clouds. There Jack retrieves three of his family's lost treasures, which had been stolen by the giant long ago.

VIRGO (AUG. 23-SEPT. 22): Before the reign of Emperor Qin Shi Huang in the third century BCE, Chinese people had built many local walls designed to keep out invaders. Qin Shi Huang initiated a great public works project to connect all of these fragments into what's now known as the Great Wall of China. He also erected a vast system of roads and a city-sized mausoleum filled with the Terracotta Army: sculptures of 8,000 soldiers with their chariots and horses. Qin Shi Huang was a big thinker who was also highly organized! In accordance with astrological omens, I invite you to glide into your very own Qin Shi Huang phase. What long-lasting structures do you want to build in the next 11 months?

LIBRA (SEPT. 23-OCT. 22): Psychologist Carl Jung believed we could accomplish profound self-transformation by working hard on our psyches' unripe and wounded aspects. That might entail honest self-examination, objective observation of how we affect others, and a willingness to recognize and forgive our mistakes. Jung also recommended another way to heal our neuroses: through the power of numinous experiences. By “numinous,” he meant mystical, sublime or awe-inspiring. Jung said that such visitations could radically diminish our painful habits of mind and feeling. They might arrive through grace, thanks to life's surprising interventions. They may also be coaxed to appear through meditation, dreamwork, communing with myth and fairy tales as well as spiritual practices. I foresee a wealth of numinous events in your life during the coming months, Libra. May they bring you a steady stream of healing.

SCORPIO (OCT. 23-NOV. 21): In a moment, I will list events I foresee as being possible for you during the next 11 months. They are cosmic tendencies but not cosmic mandates. Whether or not they actually occur will depend on how you wield your willpower — which, by the way, could be freer and more muscular than it has been in a long time. Now here are the potential developments. 1. An offer to create one of the most symbiotic unions or robust collaborations ever. 2. Great chances for you to capitalize on the success of others. 3. Alterations in the family configuration. 4. Major shifts in loyalty and affinity. 5. A raise in rank. 6. Revelations of secrets you can use to your advantage.

SAGITTARIUS (NOV. 22-DEC. 21): Have you been metaphysically itchy and psychologically ticklish? Are you unsure whether those tingling sensations you're feeling are worrisome symptoms or signs of healing and awakening? I believe they are signs of healing and awakening. They suggest you are doing the metaphorical equivalent of what a snake does when it sheds its skin. Expect imminent redemption, Sagittarius! Reframe the discomfort as a herald of relief and release.

CAPRICORN (DEC. 22-JAN. 19): It's time for Super Mom to make an appearance. Some circumstances in your life could benefit from healing tweaks best initiated by her. And when I say “Super Mom,” I'm not necessarily referring to your actual mother. I'm envisioning a wise older woman who sees you as you really are and who can assist you in living your destiny according to your own inner necessity, no one else's. If you have no Super Mom in your world, see if you can locate one, even hire one. I also recommend creating an inner Super Mom in your imagination. You need and deserve sympathetic input from the archetype of the sage crone.

AQUARIUS (JAN. 20-FEB. 18): I suspect that later in 2024, I will authorize you to commune with boisterous adventures and tricky risks. But right now, I advise you to flirt with modest adventures and sensible risks. Can you contain your burning, churning yearnings for a while? Are you willing to coax your crazy wild heart into enjoying some mild pleasures? By early autumn, I'm guessing you will have done the necessary preparations to successfully roam through the experimental frontiers. Until then, you are most likely to corral X-factors on your behalf if you pace yourself and bide your time.

PISCES (FEB. 19-MARCH 20): “Oh God, if there is a God, save my soul, if I have a soul.” That prayer was the handiwork of Piscean philosopher Joseph Ernest Renan. If his ironic minimalism is the only spiritual aspiration you can manage right now, so be it. But I hope you will strive for a more intimate, expansive and personal connection with Divine Intelligence. The coming weeks will be an extra favorable time for you to speak and listen to mysterious powers beyond your rational comprehension. Please take advantage! Go in quest of the sweet, deep lowdown directly from the Sublime Source!
