### Fishing Gossip

By J. J. Gallagher

Fishing has been very good the past week, and it promises to continue. There have been a number of consistently good catches reported on both the ocean and up the Chetco and Winchuck rivers.

Homer Johnson caught three big ling cod over the week-end, and tied into a "really big" one, but his line broke and the ling cod got away.

A visiting fisherman got his limit of large trout on Jack's Creek, and several other nimrods reported catching 19-inch trout up there. The blue backs and cut-throats have been doing most of the biting.

Both salmon and ling cod are taking the bait in the ocean, and fly fishermen are having good luck up the streams.
