Mr. and Mrs. James A. Rulla of Newport, Ore., have moved to Brookings to make their home. They are temporarily living next door to the I. O. O. F. hall in the former William Wahl home.

Mr. and Mrs. Earl Templar and Val Mendenhall Sr. are at Portland, attending the Legion convention, now in progress.

Rain every day, is the reason for dissatisfaction among the local girls who are attending camp just outside of Portland. Brookings climate is much more to their liking.

Word has been received from the district Forest Ranger, Marion Nanée, of Gold Beach, that he will be at the meeting of the Chetco Grange tomorrow evening unless something comes up which he does not know about at this time. He will explain about the proposed set aside of several thousands of acres of land on the upper Chetco for a wild preserve, so as to preserve the rare shrub, Kalmiopsis Leachiana.

Mrs. N. F. Reed accompanied by her mother, Mrs. Mollie L. Smith, returned from Portland this week after visiting there for a few days and attending the wedding of a niece at Washougal, Wash.

Christian Science Society

Services Sunday at 11 a. m. at the I. O. O. F. hall. The public is cordially invited to attend.
"Sacrament" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist on Sunday, July 14.

The Golden Text was, "The cup of blessing which we bless, is it not the communion of the blood of Christ? The bread which we break, is it not the communion of the body of Christ?" (I-Cor. 10:16).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For ye are all the children of God by faith in Christ Jesus. For as many of you as have been baptized into Christ have put on Christ" (Gal. 3:26,27).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christian Science demonstrates that none but the pure in heart can see God, as the gospel teaches. In proportion to his purity is man perfect; and perfection is the order of celestial being which demonstrates Life in Christ, Life's spiritual ideal" (p. 337).

Members of Coos Electric Co-op:

This week, we saw a little example of co-operation—Elmer Bankus, on his trip to San Francisco, ran across a number of insulators. He immediately phoned this news back to Brookings.

Sorely in need of insulators, without which no line can be completed, it is indeed gratifying to get any number to add to the stock we already have here. He found these in stock with the Surplus War Commodities Corporation.

This example of co-operation among members is what the co-op is set up for. If every member were to locate materials, any materials, make it known, perhaps all members would realize the service they want, and need. Can't you help, too?

This is your co-op, it is your duty to help in any way you can, at any time.

Coos Electric Co-op
