

THANK YOU!

We are completely sold out of bulblets and yearling planting stock, and commercial forcing stock.

We still have a matter of three hundred choice plants for mother block, from the original offer of six thousand plants. These are three for forty-five dollars.

We shall return your checks, as rapidly as possible, for orders we could not fill.

We have accepted, and are accepting, orders for 1947.

Florists from New Hampshire, Texas, Illinois, Virginia, Ohio, and many other states, have stood in our plantings and exclaimed: "These are the types of Croft plants we want and will pay a premium for."

We are pleased to have merited this recognition.
