"Soul" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 18.

The Golden Text was "My soul doth magnify the Lord, and my spirit hath rejoiced in God my Savior" (Luke 1:46,47).

Among the citations which comprise the Lesson-Sermon was the following from the Bible: "Praise ye the Lord. Praise the Lord, O my soul. Happy is he that hath the God of Jacob for his help, whose hope is in the Lord his God" (Ps. 146:1,5).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We cannot

deny that Life is self-sustained, and we should never deny the everlasting harmony of Soul, simply because, to the mortal senses, there is seeming discord. It is our ignorance of God, the divine principle, which produces apparent discord, and the right understanding of Him restores harmony. Truth will at length compel us all to exchange the pleasures and pains of sense for the joys of Soul" (page 390).
