

### Terminal Pay Form Soon To Appear

A sample copy of the application form and instructions to enlisted men of world war 2 in applying for their unused terminal leave or furlough pay was received this week by the Department of Veterans' Affairs, from Maj. Gen. G. B. Erskine, retraining and de-employment administrator.

An accompanying letter to Director George E. Sandy said that all community advisory centers and county veterans' service officers would receive sample forms shortly.

Although postoffices will receive supplies soon for veterans, the sample form will enable service officers to study the instructions and be ready to help veterans make their applications when the time comes, Sandy said.

Earlier doubt as to whether photostatic copies of discharges would be accepted as proof of military service was clarified as follows:

"We know you were glad to learn that the armed forces acted favorably on the recommendation that photostatic copies of discharge papers, as well as originals, will be accepted."

"Pass," "liberty," or periods of temporary duty are not chargeable as leave or furlough, nor are sick, convalescent, or rehabilitation leave, but "delay en route" will be, the instructions indicate.

In addition to the pay the veteran will receive in his last pay grade before discharge, he will get 70c subsistence for each day of unused leave. Also, those in the top three pay grades who had dependents will receive an additional \$1.25 a day for quarters. In the army and marines this in-

cludes master, tech and staff sergeants. In the navy and coast guard it means chiefs, first and second class petty officers.

Pay is for a maximum of 120 days of earned leave, in non-negotiable bonds, maturing in five years, and is figured at the rate of 2 1/2 days per month, minus the leave actually taken in service.

### Lake Earl Grange Exemplifies Degree

The regular meeting of Chetco Grange was held Friday evening with Worthy Master Herbert Payne in the chair. There were thirty five members of Lake Earl Grange and two from Talent as visitors during the evening, with a total of ninety seven present.

The Lake Earl Degree team exemplified the third and fourth Degrees for six candidates, Mr. and Mrs. Lloyd Waterman and Miss Helen Louise Waterman of Lake Earl and Miss Barbara Bates Miss Ina Payne and Claude Wright of Chetco. The degree work was very impressively presented, and the Degree team was later given a vote of thanks for their work.

Mrs. Nellie Bush was appointed to be the Grange's representative on the committee for Southern Curry County to prepare a booth at the County Fair the last of the month.

The program included two numbers by a sextet from Lake Earl Grange, and two whistling solos by Mrs. Viva Johnston of Chetco.

Following the meeting, a pot luck dinner was enjoyed, with dancing to a late hour.

Mr. and Mrs. Bob Smith left for Portland Sunday where they expect to buy goods for their new store, Smith's Department Store.

### Yessir! It Actually Rained Down Fish

Ocean fish rained down on Jim Yelton's garden here Sunday when a very unusual gust of wind, rolling in from the south, apparently picked up the fish, carried them inland a half mile and let them fall. They were about six inches long and several other people reported seeing them. Other than whipping up dust clouds, the miniature gale did no damage. Carl Berger reports seeing a few pelicans pushed inland by the wind. At first it was thought they may have disgorged fish by inspection disclosed no marks of any kind indicating that the fish had been handled by any other force than the wind. The freak blow did not have any appearance of told in a dramatic manner with bank blowing in from the sea with the bank's front side rising very rapidly.

### V. F. W. Has Applications For Terminal Leave Pay

According to Everett Jagers, Monday, he and M. S. (Max) Brainard, of the local post of Veterans of Foreign Wars, will soon have applications for terminal leave pay to be distributed among veterans of world war 2.

The war department has released to that organization the privilege of printing and distributing these. Forms should reach these men this week, according to information.

Bob Davis, owner of Nook Cafe, left Saturday morning early with his furniture for Vancouver. He expressed regret leaving Brookings, but pressing business there makes it necessary. The cafe is leased by Mrs. C. I. Patrick.
