

Curry County Tax Levies Revealed Assessor George W. Sutton

From a total assessed valuation, subject to taxation, in Curry county, total taxes levied for all purposes will be \$236,731.16, according to George W. Sutton, county assessor, who mailed a summary of the 1946 assessment roll to the Pilot last Saturday. The taxes are broken down as follows, according to funds:

and pasture lands, 176,228 acres, \$1,887,090; land, 173,971 acres for \$1,000,000; improvements to these \$437,160.00; city and town \$2,080.00; improvements on \$48,780.00; improvements on not deeded, \$5,950.00; machinery and equipment, \$30,000; merchandise and stock \$101,900.00; farm implements and machinery, \$48,810.00; furniture and equipment in commercial use, \$44,770.00; horses and cattle, \$17,120.00; sheep and goats, \$87,185; \$3,635.00; poultry and fur-bearing animals, \$2,100.00; public works, \$104,030.00, which, with various exemptions totals the following figure.

General county as totals, \$72,000; District 17, with 58.3 mills, \$61,169.31.

defiance of civilian production administration "stop work" orders, supported by increasingly vocal proponents of direct action in some other Oregon cities.

Undeterred by renewed threats of prosecution, work went ahead on at least two commercial buildings and 12 houses, "none of which had authorization signs out front," according to C. W. Thornberry, manager of the Grants Pass and Josephine County Chamber of Commerce.

Eugene to Send Caravan
Thornberry said he talked with a contractor building three other houses, who said he had his men back on the job. An independent survey showed work progressing on 20 more buildings, none of which bore CPA approval, and new building also being started. At Eugene, the realty board voted to send a caravan to Grants Pass "to check and see what they are doing." James Rodman Jr., president of the board said, "We think that is possibly the

answer," Rodman said, "to raise enough heck so the CPA will release the materials."

SALEM—Young Oregon drivers are turning in a very bad record at the wheel, it is disclosed by a study just completed by the office of Secretary of State Robert S. Farrell, Jr.

"The 7% of the drivers who are 20 years or less," said Farrell, "are involved in 19% of the auto deaths. This hardly seems to agree with the youngsters' boast that they are the world's best drivers."

Because of the physical advantages of youth, the report points out that boys 20 years old and below should have an unexcelled driving record.

In the first eight months of this year minors have been at the wheel in 42 fatal accidents, claiming 56 lives. This is worse than three times as bad a performance as drivers between 30 and 50.

COQUILLE—It's page Ripley for this deer story. For Charles Butler this year repeated his last year's performance almost to a "T".

In company with Milton Rogers with whom he went hunting last year on the first day of deer hunting season, Butler shot and killed a deer within an hour after sitting on the same stump he shot a deer in the same time last year and the deer dropped dead only 20 yards from the place the deer last year had stopped.

Butler and Rogers were hunting in Eckley county and said they saw over 30 does, with every doe one or two small fawns. They saw only one barren doe, and she was an old one. They drove into the section without roads in a ton and a half GI truck and hauled out the three-point deer, weighing 140 pounds dressed.

CRESCENT CITY—J. W. Carpenter, of Carpenterville, was cited by local traffic officers for highway 9½ miles north of this parking his car on the public city.

The Carpenter car was hit by one driven by Irwin Sarina, of Smith River, and following the Sarina car, was one driven by Harold Tiedman, who was also involved in the crash.

Beulah Carpenter and Alta Nelson, both of Carpenterville, who were in the Carpenter car, received minor injuries.

Oregon College Of Education Books Homecoming, '46

First Affair of This Kind For School Since Fall of 1941

OREGON COLLEGE OF EDUCATION, Monmouth.— Alumni of Oregon College of Education are being extended an invitation to return to the campus for the first post-war homecoming. With enrollment again climbing toward the 400 mark, the homecoming committee is making big plans for a week-end of excitement and entertainment. Highlighting these events will be the game with Lewis and Clark College on Saturday October 12 at 2pm at the College stadium. The OCE Wolves are crowding in plenty of pre-war practice, and coach Knox predicts a thrill-packed game.

Festivities will begin on Friday night October 11 when the Rally Bonfire will be lighted and coach Knox will introduce his first-stringers. All campus organizations are making last minute preparations for alumni entertainment on Saturday morning.

Alumni, students, college friends and visitors from Lewis and Clark are cordially invited to join in the festivities at the Homecoming Dance on Saturday evening. The dance will be held in OCE Physical Education Building.

GIVE EVERY OREGON CHILD AN EVEN CHANCE

Assessed property valuation behind each Oregon school child varies from \$122,900 a child in one district to \$455 in another. This inequality exists because school funds are raised most entirely by the district. Give every Oregon child a chance to have a good education by putting Oregon schools on a sound financial basis.
