

Local Author Had Book Published

Rose A. Bell, Brookings, of the authors whose work published in "Talent: Song-Poets and Poets of Tomorrow," page book just published. This volume is intended to give the known talented writer opportunity to win recognition for his work. Nearly every subject covered by the poems and stories in this book. It is a volume which speaks for Americans — thousands of them, located in every part of the country, entered the competition to win a place in this volume, only a small percentage of them were fortunate enough to have some of their work selected for publication. Many of them have had their work published in other important magazines. Some of them are authors of published books and of their own. To have won a place in this book is therefore an important literary achievement. In a later date, a similar volume may be prepared by the same publishers, The Haven Press, 55 West 42nd St., New York, and writers who are interested in competing for a place in the new book are invited to write the publishers for a copy of the rules of entry.

Turkey Shoot Is Billed By Club

To make the Thanksgiving meal more tempting, providing one is a good shot, the Chetco Rod and Gun Club has set, Sunday, Nov. 24, as date for the first annual Turkey Shoot for this district. As in case of previous shoots, this event will be staged at the Crissey property, at the Oregon-California state line. According to members of the gun club, 150 prime turkeys have been ordered for this event, and will be given as prizes at all the events that day. More and particular advertising will be distributed by the club within a few days.

Triplicate Editor 'Blisters' Politician

Readers of Del Norte Triplicate, published at Crescent City, were treated to some blistering "journalism" in last week's issue, when Editor Frank Helton "gave vent" to things griping about candidate for sheriff, Blackerby. Noteworthy about this case was radio reports which told of the "old west" tactics being used by ex-service men, parading streets, well armed. Retractions were later made through the radio news.

Road Sign Change Hallowe'en Prank

Hallowe'en pranks, on the part of local youngsters, were carried too far, local authorities declared Friday when road signs were switched in this neighborhood. It is intimated that state police will handle this case. The Brookings sign, placed just north of town, now graces the post where "Entering Harbor" sign should be, and other mileage signs have been disarranged. Public opinion has been aroused by such acts of vandalism. Ordinary pranks of youngsters usually are overlooked, but state officials do not condone such acts.

 "Everlasting Punishment" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, November 3.
 The Golden Text was, "The Lord is known by the judgment which he executeth: the wicked is snared in the work of his own hand." (Ps. 9:16).
 Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Let the wicked forsake his way, and the unrighteous man his thoughts: and let him return unto the Lord, and he will have mercy upon him; and to our God, for he will abundantly pardon" (Is. 55:7).
 The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The destruction of sin is the divine method of pardon. Divine life destroys death, Truth destroys error, and Love destroys hate. Being destroyed, sin needs no other form of forgiveness. Truth bestows no pardon upon error, but wipes it out in the most effectual manner" (pps. 339 and 11).
