**Pilot Has Reasons For Being Thankful, Too!**

This issue of the Pilot, dated on Thanksgiving day, naturally is considered the Thanksgiving edition, and with it the reason for being thankful.

In the first place, the staff is thankful it is serving this area, which is growing, instead of a vicinity which has reached that state of growth usually known as metamorphus.

People of this vicinity have been the most cheerful patrons a newspaper could ask for. They have, realizing the handicaps under which the Pilot labors, been the most charitable and considerate group a newspaper could ask as subscribers.

The Pilot is thankful that it has been designated as the "mirror" of this community, and that its circulation has become quite nation-wide in scope.

With this knowledge, it will be the future policy of the Pilot to be a booster always, and if items do not reflect good for the community, they will be no more than mentioned.

May the blessings be many and full to everyone of the Pilot subscribers. It is the wish of the force that your table bear heavy loads of those good eats which America, alone, enjoys today.

**Local News Items**

Mr. and Mrs. Floyd Puter of Myrtle Point are visiting at the home of their son and daughter-in-law, Mr. and Mrs. Louis Cochran on the Puter place up the Winchuck river.

Mrs. A. M. Thompson and three children of Grandview, Wash., are here to spend Thanksgiving week with her mother, Mrs. Geo. Titus and family.

Mrs. Richard Tisdale has arrived in Brookings to make her home. She remained at Seattle until her husband had arranged for living quarters here.

Mr. and Mrs. Larry Metler returned to Brookings last Saturday after several days spent at Medford, looking after Larry's newly-formed business. They will move there soon.

A letter to the Pilot from R. F. Geiger, who last summer was state lily inspector here, says he has been busy remodeling his new store at Portland. His business is called Geigen's Floral shop, and is located at 4075 North Mississippi Avenue.

Dance Thursday Eve At Harbor Grange

**Why Thanksgiving**

By June Hassett

Thanksgiving Day in the United States is an annual festival of thanksgiving for the blessings of the closing year.

The earliest harvest Thanksgiving in America was kept by the Pilgrim Fathers at Plymouth Rock in 1621 after a winter of great suffering and privation. The customary turkey is a reminder of the wild turkeys served at the first Thanksgiving feast.

When the Pilgrims first landed they were faced with a difficult problem. Their first concern was food. Although they brought seed with them it was a hard task to clear the land and work the soil enough to plant them. So, after a long, hard winter, when their crops had grown and were harvested the first time they thought of, as how thankful they were to have harvested as well. They then prepared a great feast of Thanksgiving, with prayer and song.

This day should be taken seriously and prayer should be given for those who came first to settle our country and for the courage they showed. If it hadn't been for them we would not be here today enjoying the freedom of our country and a land of plenty for all.

Schools of the district closed last evening, to open Monday. No school functions have been announced for the week-end.

When in need of something, try finding it through the Pilot classified advertising.
