

### Pine Cone Books Three Show Hits

To start the week of coming shows, Pine Cone Theatre has billed "Spiral Staircase, starring Dorothy McGuire, George Brent and Ethel Barrymore, in a show which isn't just the thing for people with weak hearts. It is filled with suspense from beginning to end. Billed Friday and Saturday, this show had an added attraction of a cartoon.

Danny Kaye, said to be the find of the movie industry, will carry the lead in Sunday, Monday and Tuesday's show, "Wonder man," and will be supported by Virginia Mayo, another find in the movie business. All in technicolor, this show will captivate Brookings showgoers.

What the young widow must face, coming as it does after the end of a war, will be shown next Wednesday and Thursday when Jane Russell and Louis Hayworth carry leads in "Young Widow." A cartoon will be an added feature of this show.

### Kitchen Hints

From MARY ANN JOHNSON

By placing a jar ring under a dish that is being placed on ice, the ring will stick to both ice and dish, thus preventing it from slipping.

A little baking soda added to boiling syrup will prevent it from crystallizing; a little vinegar, will likewise prevent syrup from returning to sugar.

Little scraps of soap tied in a cloth or bag is excellent for the cleaning of bathtubs or granite-wear, etc.

Broken bits of licorice sprinkled about pantry shelves will, it is said, banish red ants. Borax will do likewise. Use crystal rather than the powdered.

The lid of the teapot should always lift open so the air may get in. This prevents mustiness. The same rule, of course, applies to the coffee pot.

### ZADA'S BEAUTY SHOP

### ATTENTION!!!

Members and Prospective Members of the COOS-CURRY ELECTRIC CO-OPERATIVE

JUST A REMINDER TO YOU!

To all residents of the area north of the state line toward Harbor, covered by our new construction, we urge these necessary requirements before electricity can be turned on:

- PAYMENT OF MEMBERSHIP FEE!
- STATE WIRING INSPECTION FEE
- RIGHT-OF-WAY EASEMENT SIGNED!

We are not permitted to turn on the current until all of these are complied with, so please speed your conveniences by immediate compliance. Do it today, not later than tomorrow!

We are making quite rapid progress in our construction—hampered, as always, by shortage of materials, but progressing, nevertheless.
