

### H. Cox Buys Appliance Business

deal was closed Monday, in which R. H. Cox became owner of the stock of the Brookings Electric and Variety Shop purchasing the interests of Charles Brooks, of Gold Beach, who sold the business in the fall, Curry County Electric.

When Mr. Cox acquired an interest about Dec. 1, the name was changed to Brookings Electric and Variety Shop. Mr. Cox, satisfied with this arrangement, bought the entire business, as announced elsewhere in this paper, the business will now be known as "Bob's Appliance Shop" in quarters as previously advertised.

### People Defile Beauty Of Road Near Mill Pond

A project awaiting the newly elected board of directors of the chamber of commerce is the road to the city garbage dump, which since the rains, fallen in poor repair, not allowing people to pass on the site provided.

Because of this, people have started to dump around the mill pond, a site which was being renovated as a beauty spot of the area, which practice must stop immediately.

Required will be some grader work, together with several loads of gravel on the road to make it passable. People of the area are asked to refrain from dumping in place until this road is put in order.

For your every insurance need, Pete at Lesmeister Agency.

Howdy, Folks:  
We heard about a man who paid \$50,000 for a bust, but brother, you should have seen some of the busts around here on New Year's Eve.

*We heard one man say after New Years that bar-tenders are those who bring you in touch with the spirit world.*

And speaking of New Year's Parties, we are reminded that in the old days you had a party and talked about it for a week. Nowadays, you have a party and the neighbors talk about it for a week.

We swear off on New Years and after that we swear off and on and on.

*The best way to keep a New Year's resolution is to keep a copy of it locked in a drawer.*

A New Year's resolution proves the statement that the good die young.

*Our faith in Brookings takes a leap every time we look at the building Ralph Vincent is putting up here. His faith gives us just the lift we need. Charles H. Grayshel has faith, too, and his corner will make this old main street look pretty nice, don't you think?*

Proof that our "GAS and AIR" is a good buy, is in the fact that so many folks buy it over and over — why don't you try it?

### 1947 Holds Much For Everyone!

In 1947, we wish your hopes and aims will be realized to the fullest. We are delighted, at this time of the year, to pause and take stock of the past, and to thank everyone of the community for the patronage afforded us, and to promise our continued endeavor to do even better in the coming year. Opportunity lies in this community and it will be through the united effort of all to enjoy full realization of possibilities.
