Do You Want Something For Nothing?

It is only human nature to wish something for nothing—covet a Santa Claus who will perform the tasks for you when you have not the will.

People want improvements about the area, but it seems that none are willing to go so far as to offer to pay for these, or to put them in.

Whoever said "Nothing Great Was Easily Won" knew well what he was talking about. He evidently was thinking of people other than the pioneers of this country who hewed this west (or east) out of a wilderness, and made the country we have today.

We need (who wants to make an inventory) so many things in this area that a page of the Pilot, set up in small type, could not contain the list.

What are we going to do about it? Sit idly by and hope the state will do them (or it), or will we get out, take the matter into our own hands and get what we are after?

We need industries in this area, we need new crops to supplement and make stable the agricultural set up of the area. There seems to be but one method of obtaining these, and that is by and through effort of the Chamber of Commerce.

What has become of the spirit shown by our pioneers? Where have our American ingenuity and will-to-have gone to? What are you doing for it?

We like to talk about having some outside capital come in to establish this or that. We throw out our chests and boast about this country, but not one move to we take to accomplish these things all by ourselves. If it is profitable for outside capital to come into this community, the same may be said of local capital. If we must boast of our community, then let us do soething that we may boast of our accomplishments as well.

Howdy, Folks: It's great to wake up these spring mornings and hear the leaves whispering outside your window.

We never could stand to hear the grass mown, however.

Spring! That's the time of the year when young man's thoughts turn to something fancy.

It's also the time of the year that girls think of those shorter skirts.

Short skirts are a big advantage to girls, though. They help them to get up stares.

Modern girls are fond of clothes, but at that they are not entirely wrapped up in them, so we've seen.

Spring isn't the only season that it's windy in Washington.

There was a guy at the station the other day who sang a song we hadn't heard before. It ran something like this—

I wear my silk pajamas in the summer when it's hot; I wear my woolen nighties in the winter, when it's not; but sometimes in the springtime, and sometimes in the fall, I jump right in between the sheets with nothing on at all. (we can't print notes so you will just have to figure out a tune).

Spring time, or any time, you can't do better than buy our Gas and Air.

Now available, 6.00-16, 700-16. Place your orders, delivery can be made in a week in most cases.

CHEVRON Gas Station

Station No. 5056
Eddie Thornton and V. A. Mendenhall Jr.

George Funk returned to this area Sunday after spending several days at Glendale, Calif., where Mrs. Funk underwent a mastoid operation. Mr. Funk said Mrs. Funk was resting easily, although not altogether out of danger at this time.

Mr. and Mrs. Ralph returned Tuesday from where they had spent days buying goods for the fountain and gift set for early next week.

GLADIOLUS BULBS

The gladiolus is the most used flower in America today. Its beauty is unsurpassed by any bulb flower. Far easier to grow than lilies. Air transportation will open up markets for the high quality gladiolus blooms found on the west coast at seasons when quality blooms are not available from other parts of the United States. Get a small start of a few good shipping varieties now and have stock built up so that you may take advantage of the coming opportunity. Don't wait till the boom is on and pay outrageous prices for planting stock. Remember pinks, creams and whites make up over 75% of all gladiolus flowers used by florists.

Variety and Color	Small Bulbs (No. 5)
MYRNA, ruffled cream white.....	\$12.00 per 100
PICARDY, popular salmon pink.....	\$10.00 per 100
BEACON, scarlet with cream throat.....	\$10.00 per 100
SNOW PRINCESS, large white.....	\$12.00 per 100
KASSEL, clear tall red.....	\$10.00 per 100
JEANIE, large beautiful pink.....	\$12.00 per 100
SHIRLEY TEMPLE, ruffled cream.....	\$10.00 per 100
GOLDEN CUP, fine clear yellow.....	\$10.00 per 100
KING LEAR, ruffled purple.....	\$12.00 per 100
MIXED, all colors.....	\$10.00 per 100

These small bulbs will bloom this year, produce commercial bulbs and produce several quarts of bulblets per thousand under good growing conditions. Bulblets of the above varieties sell for eight dollars per quart of approximately four thousand. Large bulbs sell for a dollar per dozen all colors. No order accepted for less than \$3. Planting instructions with order. Terms: one-half cash with order balance sent C. O. D.
