"Man From
Oklahoma"
Plus a Comedy.

Community Center Topic For Meeting Set For Tonight

Meeting Planned To
Learn Exact Sent-
ment of Distict

To ascertain the exact feeling of this community toward erection of a community center, so badly needed, Chetco Rod & Gun club will call a meeting tonight at the Grange hall, there to give people an opportunity to tell what they think, and to decide what action should be taken.

Bob Perkins, president, says the club is not sponsoring the building, it is merely trying to bring to a "head" the movement and decide once and for all, the solving of a long-felt need.

Letters were mailed earlier in the week to all organizations, to have representatives present to report back to their organizations so plans can go forward. However, interested individuals are urged to come, also.

Forest Service To Build Two Miles Of Chetco Road

Will Tap Available
Forest Service Saw
Timber By Summer

Starting sometime this week, a forest service crew will commence survey of from two to two and a half miles of highway in forest service lands, up the Chetco, forest service officials announced last Friday.

This new highway will commence at Redwood park, about eight miles up the Chetco, and Upper "Low Water Bridge." Object of this road is to tap forest service timber available to this area.

Tuesday John McGilvary and a 20-man crew arrived in the area to start the work. Boarding accommodations were contracted with the Nook Cafe, it was announced.

Mr. and Mrs. Ralph Vincent went to Crescent City, Wednesday, to purchase goods for their fountain and gift shop.

Mrs. Myrtle Hibbard and Miss Patricia Lockland celebrated their birthdays, with their families at Crescent City, Sunday.
