

Corsage Making Demonstrated At Garden Club Meet

Many Visitors Were Present At Meeting Of Garden Club

Springtime is garden-time and no doubt responsible for the unusually large attendance at the Azalea Garden Club meeting last Thursday.

Or it could be "that the eternal feminine" lured by the idea of an additional bit of finery suggested by the corsages, the program for the afternoon was the reason that 75 women responded to the meeting call.

A business meeting, presided over by Mrs. Mabel McVay, took care of important club matters.

The coming flower show, to be given at the Azalea Festival, and a plant sale, soon, with Mrs. Martha Harbin in charge, were discussed.

The finance committee, under the chairmanship of Mrs. Alice Perkins, launched the big plant sale, to be given during the coming Azalea Festival, details of which will be announced later.

Mrs. Hazel Hendry, chairman of the project committee, told of the work of that group toward public beautification. Hawthorne trees, red-flowering, were planted on either side of the Grange hall, with neat protecting fences as well as a fence protecting the ornamental shrubs which have been planted in front of the hall, bore evidence of the work.

Mrs. Hendry told of other projects in progress. Mrs. Mabel Stonehouse, committee for flower arrangements, announced special classes in the study of arrangements and a large group of members signed up to take the new course.

Mrs. Myrtle Hubbard, program chairman, announced a change of program for April meeting, which will be devoted strictly to business.

Colored slides, showing gardens and flowers of Oregon, a contribution of the Oregon Federation of Garden Clubs, will be shown as part of an evening's entertainment, which, with additional features, will be announced later, as well as the time and place.

Following the business meeting the hostess, Mrs. Mabel Maris, Mrs. Mudee Luick, Mrs. Willie Barber, and Mrs. Clara McIndoe, served refreshments. The tables were then cleared and Mrs. Norma Holland and Mrs. Regina Haggerty taught the group how to make a corsage. Mrs. Holland preceded the study with a short talk, in which she demonstrated the making of a corsage. Lovely creations by every member indicated the success of this lesson.

A plant exchange, with Mrs. Myrtle Schaal and Mrs. Ruth Bathiany in charge brought the

members a thrill of delight of a new plant.

A number of out-of-town guests enjoyed the occasion. Mrs. Evelyn Scott and Mrs. Bunnie Layman of Crescent City were present. Mrs. Margaret McLean, a former resident was here from Medford. A group of Smith River women were present, including Mrs. Louise VanZee, Mrs. T. Wilson, Mrs. Lester Ulrich, Mrs. Frances Westbrook, Mrs. Mae Westbrook, Mrs. Stella Haight and Mrs. Forrest Dunham. Mrs. Dora Beaulieu and Mrs. Dewey Akers were among the other local guests.

Piano Tuner Will Be In Area Soon

An expert piano tuner from Grubbs Music Co. of Coos Bay will be in this vicinity within the next ten days, according to word received by the Pilot this week.

Inasmuch as there is no local piano tuner, and some of the itinerants who happened by this way at previous times did not give satisfaction, a good tuner should have no trouble in finding plenty of work to keep him busy for a time.

It is understood that this gentleman, though blind, possesses an unusual sense of touch and sound. Mr. Grubbs advises that all work done by this tuner is warranted to give satisfaction. Contact may be made by writing Grubb Music Co., Coos Bay.
