

Rotary Club Will Aid Manual Training Program

Club Willing To Help Inaugurate Course In Local Schools

A project backed by Rotary clubs all over the world, and following the call by the budget committee to extend the local school curriculum, gave cause for the Rotary club of Brookings, Tuesday noon, to start a program in motion to establish a manual training course in the local schools.

While final arrangements are far away, it was the concensus of the club to offer the school board support toward this expansion in way of the necessary initial set of tools, and to co-operate with the board in obtaining this curriculum expansion.

Committees will meet with the board to arrive at some plan for this realization, if possible, for the beginning of the fall term.

John Ginther, a member of Rotary, and also engaged by the board to teach in junior high, gave the club members certain data concerning purchase of the initial set of tools.

Report of the committee back to Rotary at a future meeting, will determine to what extent the club will move toward this proposed course.

Charter Assured Local Club

A letter from Secretary of Rotary International, Tuesday, gave assurance that the charter for

the local club soon with be on its way, and that arrangements soon would be made for the presentation to the local club, by the Coos Bay-North Bend club, sponsors of the local group.

Crockett Catches Sheep Killing Coyotes Up Chetco

Official reports by Z. J. Crockett, part-time hunter, show that he took six predatory animals in five days last month. Four of these were coyotes and two bobcats. Three of the coyotes were taken with coyote "getters." One coyote, taken in a trap, was on Gardner ridge. The catching of this coyote followed a killing spree taking ten head of Mr. Gardner's 1947 lamb crop. The other three coyotes were taken near Pyramid Rock.

The two bobcats were taken with dogs, one from the Crook range and other from Gardner ridge.

Harbor School Notes

THIRD GRADE

We are happy that many of the mothers and fathers came to the music festival.

Judith Spencer won a picture of some flowers in the spelling contest.

Virginia Akers won the arithmetic contest.

Lavica Jagers, who split her knee, is out of school.

Dickie Berger brought a picture of a tree to school.

SECOND GRADE

David Carlson returned to his classes, Tuesday. His shoulder is

better and we are glad he is well enough to be at school.

Marlene Osborn and Bobby Page went to the air show last Sunday, at Eureka.

Some of us have finished the "Round About" readers and have "Health in Good Habin Land."

Brian English brought some flowers to school and brought his football for us to play with.

Jack Bravo, Victor Kinion, Roy Calloway, Zane Woodworth and Dixie Wolfe gave books reports last week.

We have a map of the world in our room.

FIRST GRADE

John Scherer, Lillian and James Fielder have been absent due to illness.

A new boy, Richard Boyer, entered the first grade Monday. He came from Portland.

Mrs. Goldizen taught the first grade Monday. Mrs. DeMoss was ill that day.

Our language class made some poems. Here are four of them:

"Little seeds under the ground

Wake up, wake up, said the rain

Wake up, said the sun.

Little seed woke up to see

The Wonderful world.—By Ellis Yelton.

Up in the tree

Where the sun shines bright.

A bird sings happily

With all his might.—By Jerrie Lee Cagley.

When the Sun goes down so bright

Who makes the moon come out

And shine with all its might? —Walter Craig.

Sun shines in the spring

And all the birds come back. —By Marjorie Darger.

Clam-Eating Dangerous, Says Health Department

Safety in the use of clams requires caution as summer approaches. Public health departments have reminded the people of the danger of "mussel poisoning" from eating clams from the open ocean between May 1 and Nov. 1. A safe practice is always to remove the stomach contents from all clams between the dates already mentioned, or to avoid eating clams between those dates. The cause of this poison in clams is the presence in the ocean during the warmer months of a very tiny organism which causes the so-called "red water" in the daytime and a beautiful luminescent spectacle at night.

Kitchen Hints

From MARY ANN JOHNSON

ARABIAN SPICE CAKE

1/2 cup spry

1/2 teaspoon salt
3/4 teaspoon ginger
1 teaspoon cinnamon
1/2 teaspoon each cloves and allspice

1 teaspoon vanilla
1 cup brown sugar, packed
1 egg, unbeaten
1/2 teaspoon soda
2 teaspoons baking powder
2 1/2 cups sifted flour
1 cup thick sour milk

Blend spry, salt, spices and vanilla. Add sugar gradually and cream well. Add egg and beat well. Sift soda and baking powder with flour three times. Add flour to creamed mixture, alternately with milk, mixing after each addition until smooth. Bake in 10x10x2-inch spry-greased pan in moderate oven, 350 degrees for 50 minutes. Frost.

SALMON LOAF SUPREME

1 lb. can salmon.
1 cup grated American cheese (may be omitted)

1 egg, beaten.

3/4 cup milk

1 tablespoon butter, melted

1 teaspoon Schilling savor salt seasoning

1 tablespoon lemon juice

1 cup cracker or bread crumbs

1/2 cup buttered crumbs for covering.

Combine ingredients in order given, adding enough crumbs to make a rather stiff mixture. Shape into a loaf on an oiled baking pan, cover with buttered crumbs, and bake in moderate oven (350) about 25 minutes, or

until golden brown. Serve or cold with quarters of Pass hot cheese sauce dashed with paprika. Can be na may replace salmon in recipe if you prefer it. Serves to 6 persons.

MINCEMEAT CUSTARD

3 eggs 1/3 cup sugar
1/4 teaspoon salt 2 cups
Unbaked pastry shell
1 1/2 cups mincemeat
Dash of nutmeg.

(a) Beat eggs slightly with sugar and salt; beat well, add milk gradually, stirring until mixture is smooth.

(b) Line a deep, heavy pie pan with pastry rolled 1/4 inch thicker than usual.

(c) Spread mincemeat on bottom of crust. Pour custard mixture over mincemeat; sprinkle with nutmeg.

(d) Bake in hot oven (350) 20 minutes; reduce to moderate oven (350) and make 25 minutes longer, or until silver knob inserted in center comes out clean. Serve warm. Makes one 9-inch pie. Serves 6 to 8 people.

RHEUMATISM AND ARTHRITIS

Doctors differ as to the merits of NEU-OVO. Many users say it brought them relief. If you suffer from Rheumatism or Arthritis why not write for literature on NEU-OVO from Research Laboratories, Inc., 408 N. W. 9th St., Portland, Oregon.
