"Auto Rock" Is New Lubrication Device Here

Since this is a day of special- ization, this progress has been carried into the lubrication field.

On page 12 of this issue ap- pears an advertisement stating that Haggerty Twinservice has installed an "Auto-Rock" a device which simplifies lubrication, and makes it possible to perform bet- ter service. Representing Shell, the Haggerty Twins say they are trying to give the area the best in service.

New Families In Lumber Industry Expected Here

Already new families, attract- ed here by the revived lumber in- dustry, have begun to settle in this area, and are looking for places to live.

Opening of the Brimm Bros. mill is expected to bring prob- ably a dozen or more families, thus adding to the housing and school problems of the area.

The Challenge
OF
Service

Charles Butler, a switchboard- man of the West Coast Tele- phone Company. He helps to keep Central Office Equip- ment performing miracles of service.

Charley Butler has been a member of the telephone company family long enough to regard mere metal and wire for what they are. But Charley's eyes light up when he tells you about the problems of maintaining and increas- ing the flow of vital telephone service through each community's Central Of- fice system. The problem of servicing a constantly expanding West is a chal- lenge which Charley and others like him are meeting daily to help furnish and maintain telephone service for more and more people.
