

It's Christmas in October

Feeling of being wanted — It's the best gift of all. Your contribution to the Community Chest has the power to pre-empt this gift to some child. Foster homes, Red Feather homes of your Community Chest, are real homes. For young-ones like this little girl, there is often a period of time when there is no home besides the foster home. FOSTER CHILDREN BENEFIT from the loving care of foster parents. EVERYBODY BENEFITS when the next generation develops strength and assurance from normal home life. Give foster homes through your Community Chest. This saves another cam-

Mrs. Herbert Payne and her house guests over the week-end, Jack Tungate and son, Falls, and another son, Tungate, and his wife and daughter, Boston, Mass. Mary Cavitt is leaving for Eureka where she will accept a position as librarian at the Eureka library. Miss Cavitt was missed here, as she has been in many organizations, and cheerfully at any task. She was at the group which started the library and made it a success. She will be particularly missed there. She said Eureka was so near home that she can get this way often,

and plans to do just that. Herbert and Sy Payne left on Monday for Klamath County to get in on the first day of the hunting season. Many other local people are also in that area this week, taking in the hunting. Mr. and Mrs. Mark Wood of Fort Dick were visitors in this area, Tuesday. To have them about seems more natural. Mr. and Mrs. John Mello returned recently from a short business and pleasure trip to Oakland and other Bay points. Mr. and Mrs. A. E. Miller of Murphy were recent house guests of Mr. Miller's brother and sister-in-law, Mr. and Mrs. W. F. Miller, with fishing the main entertainment feature. Mr. and Mrs. R. E. Fontaine

have moved to Crescent City to make their home. They have resided on the Chetco for the past several years. Miss Helen Payne and Miss Eugenia Moore are now attending Southern Oregon College of Education, Ashland. They were taken to Ashland by Miss Moore's parents, Mr. and Mrs. Emil R. Moore.

Mr. and Mrs. E. E. Hanscam Sr., Mr. and Mrs. Fred Anderson and Mr. and Mrs. Archie Anderson returned last week from a hunting trip in the Happy Camp country on the Klamath River, south of Crescent City, with one of the "large" deer to show for the trip.

YOU PAY THE BILLS

PROPERTY OWNERS SHOULD KNOW THAT...

1. Your property taxes will be reduced about 22% if the Sales Tax measure is adopted. (One-half the Sales Tax revenue MUST be used for that purpose.)
2. Income tax revenue shrinks as much as 90% during depressions, and the tax load falls back on property. The Sales Tax insures property owners against such disaster.
3. Tourists will contribute \$2,000,000 annually to our treasury if the Sales Tax is adopted. Otherwise, YOU will help pay this amount.

INCOME TAXPAYERS SHOULD KNOW THAT...

4. Your income taxes are automatically lowered if the Sales Tax is adopted. This law is already on the statute books.
5. Your income taxes are automatically increased if the Sales Tax is rejected. A more severe schedule reaches down into low income brackets now exempt. This law is already on the statute books. It applies to this year's—1947—income taxes.

FARMERS SHOULD KNOW THAT...

6. Farmers will benefit most of all from the Sales Tax, since almost 90% of Oregon farmers own their own farms, and thus head the list of the state's property taxpayers.
7. Every school district in Oregon will be aided by the Sales Tax. One-sixth of the Sales Tax revenues go direct to school districts, which enables each district to vote special levies in like amount without increasing the present property tax.
8. The Sales Tax Guarantees old age assistance, by making up whatever is lacking from declining liquor revenues. One-sixth of Sales Tax revenues is earmarked for that purpose.

BLUE DUTCH IRIS PLANTING STOCK

GITANA, the earliest blue iris, with deeper color than Wedgwood, in great demand by gardeners. Also have some Wedgwood stock!

Many say this of your iris plantings at Brookings that I always found them reasonably free from insect pests and diseases, especially virus and I believe it would be a better stock than most any iris grown around the Portland district." —A. Cole, State Horticulturist, in a letter.
