

Students Are Having Carnival

School students are holding a carnival, Friday night, Oct. 23, and Halloween night—at school. Doors will be open at 7:30 p. m. with prizes to be arranged.

It is expected that the booth may be set up in the gym, construction of which is being completed under direction of John

Ginther.

The usual carnival attractions will be used, in the usual manner. Such concession as the penny-tossing, the country store, the baseball thrown, and the fish pond will be featured.

Make a ring on your calendar around Oct. 31 and to participate in the carnival—they "will do you good."

Rear Estate Sales

Mr. and Mrs. Henry L. Kerr have purchased the Kathleen A.

Steeves home in Brookings and expect to take possession very shortly. Miss Steeves and her mother have taken an apartment in the Johnson Building.

Recent visitors in Brookings were Mr. and Mrs. August F. Burmeister of Redmond, Oregon. While here the Burmeisters completed a deal for the James A. Rulla home near the I.O.O.F. Hall. They expect to move to Brookings as soon as their Redmond property is sold.

Both transactions were handled by Pete Lesmeister, local realtor.

Brookings Garage To Start Building

Claude Goldizen and Wally Darling, proprietors of Brookings Garage, Tuesday, announced that they had closed the deal for purchase of the steel building frame near the old mess hall and had made all arrangements to start construction of a modern garage for this area.

Originally planned for a machine shop, this building was being built of steel, with aluminum covering to make it absolutely fire-proof. Completion of the building is expected within the next 30 or 40 days, weather permitting.
