

Benefit Fund Collected Saturday

The L. O. O. F. Benefit box and dance, Saturday evening, at the Bob Hogan fund was \$105 by the small crowd. With Mickey Gould as caller, baskets were sold at prices.

Hogan will leave shortly for the first of December for San Francisco where he will undergo the second operation if necessary and fitting of glasses, and of restoring in a large part his failing eyesight.

Odd Fellow committee in charge of this work told the Monday that it was gratifying to everyone in the area who participated in this work. Thanks are extended to the community for the \$115 donation, together with the Saturday fund. A sum is expected to about \$1000 the entire cost involved.

Football Season Nears to Close

The University of Southern California nosing out their last opponents, UCLA, 6-0, Saturday, the Rose Bowl teams have all been settled as Michigan, USC, Oregon and revengeful Uni-

versity of Oregon ended one of its most successful seasons since the was in gaining a 14-6 victory over Oregon State College at Eugene, Saturday.

Played off her feet all through the third period when Stanford scored two touchdowns, the University of California had to come from behind to win 21-18 in the last quarter in one of the most hectic classics of the year.

Closing of the 1947 season saw many favorites become just another team of the conference, and others rise to heights never expected by the dopsters. The Classic December 6, between USC and Notre Dame, may attract more of a crowd than the New Year's game at Pasadena.

Friend Akers:

Just want you to know Curry County took second prize on tomatoes at the State Fair in Salem, Oregon recently. Mr. R. M. Knox, County Agent may have given you this news already, as I just recieved a check for \$1.00 from "Farmers Pool Fund—R. M. Knox" with the notation on the corner "2nd prize tomatoes, State Fair". Who says we can't grow tomatoes along the coast.

Brookings-Harbor Pilot:

The good will Brown Bulb Farm campaign to help us out of this overproduction predicament will be carried on according to their directions. Howard James has written the committee that he wishes to carry the Croft Association part separately from the others. No objections: all we care is that all, regardless of association membership, have a chance. The vast majority do not belong to an association. But definite plans are being made to get an organization or plan that will keep us from another year of overproduction and embarrassment. Our State Agricultural department and colleges are interested in helping us. Lets all fall into line and boost. There will be a meeting held in Fort Dick Tuesday night, Nov. 25 and on in McKinleyville early next week. Get your bulbs packed if you care to participate and be sure to sign up the exact accurate number of cases and bulbs you wish to sell. The prime thing is be ready to sign accurately and exactly. Hundreds of thousands of bulbs have been reported. There is sale for several millions, but we must know how many there are before we can report the next step.
