Scientist, on Sunday, December 21.

The Golden Text is "The word of the Lord is right; and all his works are done in truth . . . For he spake, and it was done; he commandeth, and it stood fast" (Ps. 33:4, 9).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "There is no wisdom nor understanding nor council against the Lord" (Prov. 21:30), together with the following correlative passage from the Christian Science textbook, Science and Health with Key to the Scriptures, by Mary Baker Eddy: "Man has sought out many inventions, but he has not yet found it true that knowledge can save him from dire effects of knowledge" (p.196).
