By Aldene N. Roberts, HDA

Hello, There! We had a good meeting last Saturday! Fourteen 4-H leaders and parents from Curry County met at the Legion Hall, Port Orford, for training in the 4-H work. Attending the meeting were two women from Harbor, four from Gold Beach, seven from Port Orford and one from Denmark.

Miss Esther Taskerud, assistant state 4-H club agent from Oregon State College started the morning meeting with a discussion of the aims and awards in 4-H work. The women then participated in a judging contest. Using the method that would be followed in a 4-H club meeting, they judged four plates of nut cookies.

In the afternoon Sharon Ponting and Shirley Johnson gave an excellent demonstration "Laying the pattern for cutting a dress." The girls are member of the Port Orford 4-H clothing club and their local leader is Adell Corbin. The demonstration was followed by a discussion of the value of demonstrations in 4-H club work. Miss Taskerud told

how to plan and present demonstrations in 4-H club meetings and for presentation at demonstration contests.

There was then a brief showing of clothing and home improvement project exhibits which were blue ribbon winners. Miss Taskerud told some of the points that made them winners and some things that could be improved even about the first prize exhibits.

The meeting closed with a general discussion of 4-H club work. Those present agreed that a 4-H club leader and parent training meeting such as this is of great value and that there should be more of them. Tentative plans were made for a training meeting at Gold Beach early in March and I'll tell you more about that as plans develop.

A successful 4-H program in Curry county depends upon parent interest for the local leaders cannot carry the entire load. I was pleased at the parent interest shown at this meeting.

In the meantime there will be a 4-H leader training meeting on Oregon State College campus at Corvallis, Jan. 27 to 29. This is for all 4-H club leaders in the southern and western counties of Oregon. There will be a style review for clothing leaders, featuring spring wardrobes for 4-H girls. Cooking club leaders will be interested in a demonstration on the baking techniques given by Mrs. Velva Lahmeyer from the Wheat Flour Institute. Also Mrs. Vivian Freeman of the Kerr Jar Corporation will give a talk on helps in judging canned goods. Mrs. Freeman is very good and everyone would find her both interesting and helpful in canning problems.

Attention—all owners of sewing machines! Each home extension unit meeting will be a sewing machine clinic. If interested, bring your sewing machine and the following supplies:

2. Some wing feathers from chickens or turkeys.
