Bruins Take 3 From Port Orford

Brookings Bruins took three from Port Orford, on the Port Orford floor, Friday night and a step closer to realization of county championship, since Bruins now hold a two-way tie with Ophir instead of a three-way tie. Gold Beach, the third in the tie, was eliminated Friday night in a game which the week before gave the Bruins the scare of their lives.

The volleyball girls, not to be denied the right to hold the county championship for the second time in a row, systematically slaughtered the host team by a 39 to 26 score.

Directed by Kinion who poured in ten points to lead the scoring in the game, the Bruins second half had little trouble winning by a 26 to 12 score. The score breakdown reveals:

Port Orford Jumps in Lead
The A string, as has often been the case, started slow, and at the end found Port Orford leading by 16. At no time in the entire contest was there ever a decided advantage for either team. Emerging 35 to 28 victors, the Bruins had to put on the heat in the last quarter. The score:

Azalea Festival Plans Launched

The first meeting of the Azalea Festival association was called Monday evening when about half of the committee was present to lay plans for the 1948 festival.

With so few present, and with an idea to fully co-operate with the Lily Blossom week, sometime in July, a second meeting will be called for Monday, Feb. 16, after a meeting of the Croft Lily Growers association, when it will be decided if the two functions will have the same queen and court.

Plans for dances and other means of financing will be cleared at the meeting of the lily growers.

This years festival, it was agreed by those present, would be held earlier this year than last when the azaleas were nearer the zenith of bloom.

Heading the 1948 festival, in addition to the committee, are: R. S. Perkins, president; Howard James, vice-president; W. S. Chadwick, secretary-treasurer.

Couple Badly Hurt Near "Mack Arch"

George Houghton of the Coos Bay area, and a traveling companion, somehow missed a curve near Mack Arch, Monday evening at 7 o'clock, went over the bank and the car lodged against a fence some distance below.

Mr. Houghton managed to free himself from the car and attempted to crawl up the bank to the highway. As a car would pass, he would light matches, in an effort to attract motorists. Being unsuccessful, the couple lay there until 7 a.m., Tuesday, before being discovered.

In the Gold Beach hospital, the latest report coming to Brookings states that the extent of the injuries haven't been determined, except that they are extremely serious.

Mr. Houghton, it is reported, was in the process of buying the Silver Springs lodge, at Port Orford.

Satellite Club Plans A Spring "Fashion Show"

A new idea, under the auspices of the Satellite club, will be the fashion show, set for Saturday, March 20 at the Harbor Grange.

A glimpse at that "new look" will be carried locally in cooperation, by Moore's Variety and Apparel Shop, Bill Ward's Clothing Store and the Town Shop. Further details will be published as they have been completed.

P.-T. A. Will Hold Meeting, Tonight

The first object of the Parent-Teacher organization is to promote the welfare of children and youth in the home, school, church and community. "Are Doing As Much As We Can For Our Children" will be the topic for this meeting. It will be discussed by representatives of the following local organizations: Boy Scouts, Girl Scouts, 4-H Extension, Health Association, Library Association, Youth Fellowship, School Board, Rotary Club and Parent-Teacher Association.

Lynn Hampton, Supt. of the school will conclude the discussion.

If parents will cooperate with these groups, much can be accomplished for the well being and happiness of youth.

Founders Day will be observed. This is the 51st birthday of P.T.A.

Refreshments will be served by representatives from five of the grades.

Oregon History Was Rotary Topic

Emil R. Peterson, of North Bend, chairman of the historical committee of the Coos-Curry Pioneer and Historical association, was principal speaker at the Rotary luncheon Tuesday noon, and gave sketches of history vital to residents of southwest Oregon.

Curry county, formed from a division of Coos county, was started in 1854, and with all southwest Oregon, remained undiscovered for over a hundred years after the Russians began settling Alaska. In only recent years has much recognition been given this area.

This pioneer association plans a museum, if the project can be financed. The association plans to gather all data possible, which will be circulated through the schools, press and radio. A weekly column is being planned for the newspapers of this area, and if arranged, will be published that a scrapbook may be kept until all the data may be published in book form.

Mr. Peterson spoke to different classes at the local schools contacts with different people of the area concerning data of the past.

Money Needed For Salary Of Director In Charge of Coos and Curry Counties

Since a Boy Scout council was set up for Curry county in May, 1947, it becomes necessary for Curry county to raise \$600 for payment of its portion of the salary of the regional director, who has charge of Coos and Curry counties for Oregon Trails council, headquarters at Eugene.

Of this \$600 fund necessary for the county to raise, this area must assume responsibility for one-third, or a sum of \$200. Mistaken ideas are making the rounds concerning the necessity of raising this fund, and have been misleading to the point of many asserting that it was not necessary in Brookings and Harbor.

This fund, it must be understood, is necessary for national help for the scouting movement in the county. Without this fund, there will be no connection with Oregon Trails Council, and probably no local troop.

The Cub committee, composed of T. S. Abbott, A. P. Hendricks and Homer Haggerty, and the Scout committee, composed of Mike Page, Bob Perkins, Charles Low, N. N. Neufeld and Dewey Akers, together with the Sea Scout committee, Thor Ask, Stan Patterson, Jesse Hoagland and Elmer Parker, will accept any donations from individuals, clubs or organizations toward this fund. A convenient blank is supplied for any contributions:
