

Local Exhibit Will Be Sent To N. York

At the insistence of Mrs. Laura Wilhelm, president of Oregon Federation of Garden Clubs, the Azalea Garden club has agreed to send an exhibit to New York City to be shown at the national Flower Show, beginning March 8.

In correspondence with Mrs. Dorothy Lockland, president of the Azalea Garden Club, Mrs. Wilhelm sought help in her pet project of saving the myrtlewoods, Oregon's rare and unusual native tree.

In the exchange of letters, Mrs. Lockland suggested that she could make a better display if she were allowed the privilege of showing myrtlewood products as a reason for saving the trees.

Further details concerning this exhibit and all plans will be released following the February meeting of the Azalea Garden club next Thursday, Feb. '12.

Begonias Topic Thursday

Leslie Woodruff, the west's foremost begonia hybridizer, will lead a discussion on culture of that flower next Thursday when the club holds its February meeting at the Grange hall. Mrs. Clara Kerns will lead a discussion on "What to do in your garden."

"Dimes" Dance To Swell County Fund

Endeavoring to maintain its reputation as tops in southwestern Oregon drives, a March of Dimes dance is scheduled to take place at the local high school gym on the night of February 20th. Chub Howe's orchestra, from Crescent City, will chip in with the music and to really liven the party up, folks are asked to come in costume—any kind of costume. There will be substantial cash prizes to go to those whose costume is judged best.

In times past, this annual affair has been especially well attended and the funds derived from the dance have really put the Brookings-Harbor area of Curry county at the top of the string of dimes taken in elsewhere. The folks here have been especially generous, perhaps because they were more fully informed on the splendid use to which their funds are applied.

Although there have been but few cases of polio in the county during the past years, money has been made available in the area to take care of their neighbor's needs, supplemented by the moneys derived from all over the country, if needed. The huge expenditures out of the national polio fund in Idaho, Eastern Oregon, and Washington, relieved many a poor sufferer of pain, or saved them from a horrible death, at least relieving the families and counties of the present and future financial strains such afflictions lay upon them.

Anyhow the committee feels that their loyal neighbors have been waiting for this event to be announced and now that they know where, when and other mechanical details, they'll be dragging out some of the dog-gonest looking rigs, making them look more so, and will be there to bet their "buck" that polio doesn't cripple them or the folks next door.

H. S. Dance Advanced From Sat., February 28

Due to conflicts of dates on rental of the Grange hall, the lettermen's dance, originally set for February 28, has been stepped ahead, and will be held Saturday, February 7.

Chetco Ramblers will furnish the music for the affair which is sponsored by the Rotary club.

Class ads bring results—soon!

Rubber Welders Will Move To Garage Bldg.

O. K. Rubber Welders, after selling their building a week ago will be closed next week, Feb. 7 to 15, to move the equipment into the Azalea garage building.

This move is made as an expansion, for this business will also go into truck tire re-capping in addition to the car tire business already enjoyed.

Pilot Killed Friday At Crescent City Airport

While all details could not be learned as this paper went to press, the story comes to this area that a Medford man was killed at the Crescent City airport last Friday. Just prior to the fatal accident, it is reported that he had people "scared beyond words" by his antics about 100 feet above the town.

Schools

During the last two weeks the Brookings school has been making good use of the sound projector purchased this last year for a visual education program. The plan of visual education is to secure films which will correlate with the various subject fields and provide both sound and vision aids to better understand what is being taught in a given class.

Among the films shown the past two weeks are "Buenos Dias Carmelitta" for the Spanish class "The Frog, for biology and general science, Circulation and Digestion" for health classes, and "Remedial Techniques in Teaching Arithmetic" for the teachers. Various films for biology and general science and health have been scheduled for a later showing, as well as "Know your Typewriter" for the typing classes.

Films shown so far have been secured from the Film Loan Rental agency from Oregon State College at Corvallis.

Thanks should also be given to the PTA for providing for the rental charges for these films.

Next year the plan is to schedule early for all films so that they may be secured and better correlated with the school program.

This coming week-end the local Bruins drew a "bye", and will travel to Florence for a non-league game. The following week they will defend their place in the Curry county tournament at Gold Beach.

Mention should also be made that the Bruinettes, the girl's volleyball team finished the county schedule undefeated.

Grade School Notes

FIRST GRADE NEWS

We are braiding rag rugs for our play house. Robert Berger brought his little brother to visit us on Monday afternoon. We have been having fun playing bean bag lately. Our teacher, Mrs. DeMoss has been home with her mother who is very ill. Mrs. Christensen is substituting during her absence.

SECOND GRADE NEWS

Our report cards were given to us this week. Marjorie Darger and Eddie Hoar have not been absent since the beginning of school. Marjorie, Eddie and Ellis have had perfect attendance the last nine weeks of school. Gerald and Jimmy Campbell, who have entered school recently have not been absent so far. Jimmy Campbell brought a calendar with a western picture.

We have Lincoln and Washington pictures in our room.

Last Thursday we had a party as all of us passed out alphabet

test. We had a valentine poster.

THIRD GRADE NEWS

We traded rooms with the fourth grade so that the fourth grade would have half the year in a nice room.

Bobby Chapman moved away. He went back to New Mexico. Carol Rausch and Stanley Gribble have been ill. This is the first time Stanley has been absent this year.

Janet Lockhart won the spelling match Friday before last. Teddy Loring won for the Brownies and Vanda Vaughan won for the Fairies. We have a new manners chart.

We are studying about the Pilgrims. Brian English brought his microscope and Glen Stewart brought a magnifying glass. We were looking for legs on the earthworm. They have stiff hairs instead of legs. We are having addition drill in Arithmetic. We are making valentines.

FOURTH GRADE NEWS

Dixie Allsup, Gail E., Lois LaClair were absent Monday and Tuesday. We have a new manners chart for this half of the year. Lois LaClair won on the manners last chart, she had a big gold star each week for a whole quarter of the year. Mrs. Matthews had to take Connie Jaklewicz home from school last week and this week she had to take Dixie Allsup home.

We have put Bon Ami on our windows so the sun wont come in and hurt our eyes. We share our coat rack with the 3rd grade. Mrs. Matthews is letting us do murals.

We had a spelling test of 50 words and Joanne Darger got 100.

We moved into the third grade room. It is much lighter here. We are not used to it yet. Now that we are in this room, we have a place to hang our coats and hats.

Connie Jaklewicz and Dickie

Berger are monitors for the and drinking fountain.

Mrs. Matthews is reading a book called "The Lions R..." We think it is very interest...

Virginia Akers is making scrap book for the news of first, second, third and fourth grades. Then we can keep news of all this year.

We had Mrs. Christensen teach us music in Mrs. DeMoss place. We like her very much.

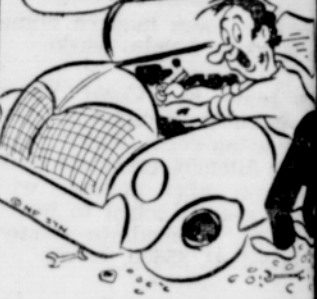

We have two new pictures in our room. One is about the and the other is about a canal.

Barbara Gould and Joe Matthews were out of school half of the day.

Virginia Akers and Connie Jaklewicz, reporters.
