Nick N. Newfeld, Pastor
C. Turley, Music Director
The week prior to Easter Sunday will be an important one. The meeting and Bible study will be held on Tuesday evening and of Wednesday. There also will be a service on Good-Friday. Service will be in the evening, commencing at 7:30.

Monday, March 21 is Palm Sunday. Special music is being prepared for that service. The message will be based on the Scriptural account of the entering Jerusalem. Please and attend this meeting. Starting as of March 17, our study on Wednesday evening will be on the great theme, "The Second Coming of Christ". This is a very vital subject for our day and age, because of the times that are coming to pass, which clearly point to Christ's coming. Bring your Bible and some pencil and paper and us.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And I saw a new heaven and a new earth: for the first heaven and first earth were passed away and there was no more sea" (Rev. 21:1), together with the following correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Mortals must look beyond fading, finite forms, if they would gain the true sense of things" (p. 263).

First Service Due In New Episcopal Church

The new St. Matthews Episcopal chapel in Gold Beach will be ready for its first worship service on Easter day, March 28, at the 11:30 a. m. mass. The dedication of the new \$2,000 chapel and community youth center will be on April 11th at 7:30 p. m., when the Rt. Rev. Benjamin D. Dagwell, Bishop of Oregon, will be present for the occasion.

The men working on the church have about completed the chapel interior. Quite a bit of work yet is needed, however, on the side rooms. The interior walls of the chapel are finished in lovely redwood. The windows are of cathedral glass, with beautiful colored windows in the sanctuary. The high window over the Altar has a tall cross as a design in soft yellow and purple colors. The two side windows in the sanctuary are of a bluish purple.

The youth center will have a cement floor under asphalt tile, and the walls will be painted a maroon color to the wainscoting with blue above. The ceiling of the chapel and youth center is an egg white.

The exterior redwood siding has some work yet to be done on it before the natural stain will be added. A large white cross will be placed on the bell-tower. As soon as the weather permits Jap Turner's bulldozer will complete the drive around the church and gravel will be laid. The chapel when finished will be without question one of the best built and loveliest church structures from Eugene to Eureka.

It has been cold in this area as everyone knows. The residents of the upper Chetco area report that they have had snow up in that country, but that it is about gone now.
