hundred fourteen people their interest in the tight old Home Extension work Curry county's first Homemakers' Day held Gold Beach Community last Friday, April 23. All in the county had representatives. The Port Orford had the largest membership with the Ophir unit a close second. Even the unit which is only two old had eight representatives. Out of county guests included five women from the Coos Home Extension committee. These ladies were Faye Meraft, Mabel Molther, Ger McCue, Lela McCue and Davenport. Mrs. W. H. Smith from Tonganoxee, who was visiting Mrs. Russell also attended.

speakers of the day were Esther Taskerud, assistant Home Demonstration leader. HELLO THERE:

Yes, it was a GOOD, good day! ninety-eight people from north, south and central Curry register- ed at our first Annual Home- makers' Day. (Many guests did- not register since there were 114 served at the luncheon.) The Home Extension unit at Port Or- ford had 17 members registered. This was the largest representa- tion of any unit. However, Ophir led them a close second with 14 unit members registered. I was truly proud of all the Curry Co. women, and already we are now thinking of a bigger and better Homemakers' Day for next year. I'll not write of any details here since you'll find a complete account of Homemakers' Day elsewhere in the Pilot.

Is your youngster enrolled in a summer 4-H club? There is no better way for them to spend a happy and profitable summer. Any five youngsters can organ- ize a standard 4-H club, if their parents are willing to give them some help. If every parent helps a little, no one will have a lot of work to do. Besides parents have as much fun as do young- sters.

Are you planning to build a new house? Extension Service has a new blueprint service. At present there are blueprints for over thirty house plans. We have the floor plans in the County Ex- tension office so you can decide which blueprint would suit your needs.

Program Planning Day for the Home Extension program next fall is really just around the cor- ner. May 20th. Each of you could be thinking of the program you would like to have so your unit delegate can be informed. This is the only way we can build a program which fits the county.

That's all this week, except a reminder of spring clean-up week which is May 23 to 29. Clean-up to eliminate rats, rubbish and the ranger of fires. Clean-up, don't burn up.

Mrs. Dora E. Beaulieu, Clerk
School District No. 17
Brookings, Oregon
Dear Mrs. Beaulieu:

I checked with Mr. Sutton this morning in regard to the list of tax payers for your district. You will need to use the 1947 as- sessment list compiled for your last election in 1947 since the new assessment roll for 1948 is not authorized until the Board of equalization meets in May. Any changes in property since last January 1947 will not show on the voters list since the new prop- erty transactions are not included until the new assessment roll is approved by the Board of Equalization in May.

Sincerely yours, (signed) Georgia Fromm,
County School Superintendent
