

Memorial Poppies Arrive From Veterans Hospital

Memorial poppies which the Veterans Hospital of Brookings and Harbor have received by mail on Poppy day, Saturday, May 29, have been received by the unit of the American Legion Auxiliary. The shipment from Portland Veterans Hospital where the little red flowers were made by disabled veterans of both world wars is under supervision of the department of the Auxiliary. Making these flowers has proved interesting employment for the veterans at the hospital all during the winter and spring months. Mrs. Fred LaForge, chairman of the Auxiliary, said: "It has helped to keep their hands and minds busy, relieving the long hours of tedium and contributing occupational therapy toward their recovery. Poppy making has given these veterans the encouraging experience of being able to earn money, often after many months of illness. They are paid by the hospital for each poppy they make and are able to earn help-amounts during the poppy-making season. Much of the money is sent to the veterans to help support their wives and children. It often has a difficult time in the veteran requires hospitalization and are unable to work for long periods. It gives the veteran a decided lift in morale when they are able to send something to their families. Without dependents use money to create a nest egg for themselves against the day when they leave the hospital and have to re-establish themselves in life. The poppies are fashioned by the veterans working in their

beds, in wheel chairs or in occupational therapy shops. Materials are provided by the Auxiliary, and the finished products collected regularly by Auxiliary workers. The flowers are made of crepe paper in replica of the little wild poppies of France and Flanders, which grew on the battlefields and cemeteries of the two world wars."

Indianans Visit Old Friends In Brookings

Mr. and Mrs. Orval Cramer of North Bend, Indiana, were weekend visitors of Mr. and Mrs. B. J. Gould. This couple were witnesses at the wedding of Mr. and Mrs. Gould.

Mr. Cramer, official of the Standard Oil Co., of Indiana, was on vacation and he and his wife were on an extended auto tour.

4-H Garden Club

The 4-H Flower Garden club met May 10, at Mrs. Dorothy Lockland's home. The secretary read the minutes of the last meeting. We punched holes in

our scrapbooks. We received our record books and printed information about our project. After singing awile we had refreshments. Then we went outside and Mrs. Lockland showed us how to plant Larkspur. She gave us slips of mums and mint. We will have our next meeting Wednesday instead of Monday because Mrs. Lockland is going to be out of town on business.

LOCAL NEWS

Mr. and Mrs. Cecil Hart left early this week for Gold Beach where he will be employed as truck driver for a logging concern. He was employed in that capacity here for the past year.

Mrs. Ed. F. Ackley left Saturday evening for Alameda, Calif., after spending a week's vacation with her husband. After disposing of her clinical laboratory interests there, she will return to Brookings in about a month to make her permanent home.

Tourist season has begun in earnest. One of the surest ways to determine this is the number

of "barnstorming" printers coming through the community. In the past week three have come to the Pilot for a few hours work so that they might continue on their ways. Saturday, a man with wife and three children visited the area with the plea that they liked it here.

Communication from Mr. and Mrs. Henry Kerr late last week, indicate that they were enjoying the warm weather of Old Mexico on their vacation trip. They expect to go to Tacoma before returning to Brookings.
