"Mortals and Immortals" is the subject of the Lesson-Sermon in all churches of Christ-Scientist, on Sunday, May 16.

The Golden Text is "As we have borne the image of the earthy, we shall also bear the image of the heavenly" (I Corinthians 15:49).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Lord, thou hast been our dwelling place in all generations" (Ps. 90:1), together with the following correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man is deathless, spiritual. He is above sin or frailty. He does not cross the barriers of time into the vast forever of Life but he coexists with God and the universe" (p. 266).

The Sunday school and the church are growing by leaps and bounds. Again we urge the people to come and bring their children and young people to our Sunday school. The pupils are taught from a non-sectarian view. The Bible is the only book taught. There is no other foundation that can be laid in childhood than the sure foundation that we find in the Bible. The hour is 9:45.

The morning service will be conducted at 11:00 a.m. The subject for Sunday morning's mes-

sage will be, "Where do we go from here?" This church is facing the greatest opportunity in its history. Are we going to be ready to meet every opportunity?

The young people's service at 6:30 p.m. An interesting program is planned. A social hour is also planned for the young people on Sunday evening after the evening service, at the parsonage. The young people are all urged to stay for church.
