club has entered with, what they claim, the winning contenders, in what promises to be a rough, tough rope pulling tug-of-war. They will have a booth in the floricultural division and handle two of the food concessions. By popular demand they are featuring a baseball throwing contest for both men and women. The man with the longest throwing arm will receive a case of motor oil and 20 gallons of gasoline for his prowess. The lady who can prove her ability to toss the ball as proficiently as a rolling pin will receive a 7-quart pressure cooker. The latest entry for the rope pulling contest has been made by the VFW who promise a strong team that will dig up plenty of sod in heeling into a victory. They are sponsors of an event which is sure to interest every child in the fairgrounds. A food concession will also be under their management. The chamber of commerce will not only have a booth in the commercial building but is also awarding a trophy for the outstanding commercial exhibit.

Charles Selig, who is in charge of the city decorations for the fair week, and who will, by the way, contact the business men in regard to store decorations, is personally awarding an engraved trophy for the winner of the open stock horse event in the horse show.

Competition in the horsehoe pitching tournament is very keen—Roy Johnson, who is in charge of the contest, states that some of the contestants are getting the kinks from their arms thru daily practices on the official courts at the fairgrounds.

Reservations have already been made by several large stockmen. Among others, entries have been received from Verne Hoffman of Acampo, well-known breeder of Berkshire and Spotted Poland China swine and Shropshire and Rambouillet sheep; Bob Carillo of Santa Rosa, who will show some of his prize Guernsey cattle; Charles Kaye, of Sebastapol, is bringing up some blue ribbon Ayrshire cattle and Duroc Jersey swine. The Lake Earl and Crescent Redwood Granges have also placed reservations and plan to excel the usual excellent exhibit of their members. The 4-H club livestock division, living up to their motto, "To make the best better," is certain of a good showing.

Arrangements have just been completed with Drum Major Cal Leete for his natty uniformed Crescent Legion drum corps and a popular band to furnish music for the many events during the three-day program.

"Brookings Could Have Done As Well As S. D."

Tommy James spent last week at San Francisco at which time he took in the baseball games between San Francisco and San Diego.

Expected to be quite a series between the two top clubs of the Pacific Coast conference, it was a disappointment, says Fan Tommy. San Francisco swept the entire series with comparative ease, much to the disgust of Tommy who is (or was) quite a San Diego fan.

"Brookings club would have made as good a showing as San Diego did against the San Francisco Seals."

Realty Transfers

Raymond A. Lower, real estate broker, announces the following transfers in this locality:

Mrs. Charm Halversen and daughter, Adeline Merrill, have purchased part of the Mary Carson property, south of Harbor.

Margaret R. Lindsley has purchased the Merle Morgan home near Harbor.

C. R. Jackson and wife of San Francisco have purchased the Osa Johnson place of five acres

and an unfinished house, north of Brookings, and the Jacksons plan to make their home here eventually.

Mr. and Mrs. Merle Morgan have purchased the Larry Basey place, the small stone house and lot in town. Mr. Morgan plans to remodel the place and possibly add to it for their new home.

St. Eureka, Calif

There are taxes in your talk

The United States Government takes its toll on all telephone service today. Federal tax on local service is 15 percent. On long distance service where the charge is 25c or over, the tax is 25 percent. Other forms of telephone service are taxed from 8 percent to 25 percent.

This tax is imposed directly upon you as a telephone user. Your telephone company has the added expense of acting as tax collector.

Just about everyone would agree that telephone service is a necessity. Yet the 25 percent tax on long distance and other telephone services is higher than the 20 percent rate for luxuries such as furs, jewelry and perfumes.

Telephone users everywhere have been expressing their views on this high excise tax to their Senators and Representatives in Congress. Their views will help to guide future Congressional action on the repeal of this most unusual peacetime tax on a necessity. We are certain that your Congressman would appreciate your views as a taxpayer and citizen on this telephone tax.
