

SPORTSMEN'S CORNER

Rod and Gun Club Doings—
The first regular monthly meeting of the new year, which enjoyed an especially large attendance, started things off like a sky rocket with the following 12 months pointed toward accomplishment. Committees were all appointed to handle the many and varied activities of the organization and to the accomplishment of gags, cheers, laughter and good food the program for the forthcoming year was launched.

Of special interest to those attending was the presence at the guests table of all Eagle Boy Scouts of this district, together with their leaders, John Ginther and Elmer Parker as well as Dave Putnam, regional director. It was the occasion for honoring Eagle Scout Jimmy Vincent who has been chosen to represent states of Oregon, Washington, Idaho and Montana at Washington, D. C., and New York City, during national Scout Week. Any and all who have in the past given their aid and support to the scouting movement in this area must feel gratified indeed upon realization

of the full import of the honor bestowed upon such a small community as ours.

Fishing Gossip—
The water conditions have improved during the past week to the point where nearly everyone is taking steelhead again. Go get 'em, fellahs, they're there!

COOPERATION

also pays on the telephone party line

Repairing little Mary's broken doll is the sort of cooperation she expects from Dad. And he is always well repaid with happy smiles. Cooperation will work well on the telephone party line, too. Use your telephone as you would like to have others use theirs. You'll be well repaid—with better telephone service, and telephone neighbors who appreciate your cooperation.
