## Rod and Gun Club Doings—

In opposition to the proposed closure of Chetco River above Bruce Hole, the Chetco Rod & Gun Club followed its letters, telegrams and telephone calls with a delegate sent in the person of Bob Perkins, who was sent to the Game Commission hearing held at Portland, last Friday, Jan. 28.

There is no one in this area better qualified to present the views of this organization than Bob, and all sportsmen who understand and appreciate the problem facing this district were deeply grateful when, disregarding other personal interests, he agreed to represent the club at this hearing.

SECOND GAME  
**Brookings Ramrods**  
 Versus  
**Smith River**  
 High School Gym  
**Sat., February 5**  
 Game at 7:30 Adm. 50c

As is its practice, no immediate response was forthcoming at the hearing, but favorable action is anticipated when the commission has studied all aspects of the case. It is unfortunate that recommendations for such closure of our stream should have reached the game commission which believed that it was acting in good faith and particularly deplorable since it is understood that the Southwestern Oregon Sportsmen's association has presumed to speak for this area where they have no representation and therefore no basis for an opinion. This was done without consulting our local organization.

(Wednesday morning brought a report that the Chetco river will be left open to angling in its entire length. Therefore the delegate's trip to Portland accomplished its purpose).

### BASKETBALL—

Saturday evening, Feb. 5, the Ramrods first and second strings will face Crag Lumber and Smith River respectively in a double-header, starting at 7:30 o'clock. Crag Lumber is one of the most potent teams in the league and a very close game is anticipated. Notwithstanding any bets to the contrary, the Ramrods had better not get careless!

## Blueberry Articles Close This Week

Articles on blueberry culture, started three weeks ago, will be concluded with his issue, when George Asdel's last contribution will be published.

From various sources, the Pilot has been informed that these articles have been enlightening, and that several of this area are planning to give this culture further investigation.

Mr. Asdel, who came to Curry county with an "idea" now has quite a nursery built up, so, as he says, he may supply quite a demand upon his proposed industry for this county.

He has made a thorough and quite scientific study of the culture, and has come up with a number of "revolutionary" ideas in berry growing.

## Ramrods Overcome Lead

Ramrods, the pride of Chetco Rod & Gun Club, topped Gold Beach town team, Tuesday night, at Gold Beach when an early Gold Beach lead was overcome, to win 39 to 33. Paced by Putnam with 12 points, Matson gave a real chase with 10.
