IT SEEMS TO ME:

By Dewey

Beginning this week will be two drives for funds, one for the Red Cross and the other for the Crippled children, known as the Easter Seal Sale, and is carried on similar to the Christmas seal sale.

Despite the fact that this nation has been hit for many different drives, both these coming campaigns have merit which will aid their conclusion. Certainly, the Red Cross needs no defense for its work in the past. The big charities of the past speak eloquently for themselves.

Concerning the crippled children drive, to be carried on by sale of Easter seals, is one that everyone should contribute liberally to. Children born with deformities, such as clubbed feet,

etc., gain a normal stature by and through the work of this agency.

Curry county should do as well for this Easter Seal Sale as it did for the March of Dimes. Certainly there can be no greater work than to take a crippled and mis-shapen child, make his life normal for a normal life and livelihood.

Earthquakes in California, new snowstorms in the midwest and poor weather in most places of the nation makes residents of this area glad they live here, where the bitterest element they have to endure is rain.

Last Friday when friends visited at our home they told of being in the first quake that week in the San Francisco area, and how they just managed to be among the last group of cars to cross the Russian River, before a bridge was taken out by a flood. When they arrived here the sun was shining, the first they had seen for a couple of weeks, all of which had been spent in Southern California.

The rain Friday night, did not affect them, they said, like it had in southern California. The temperatures here, they added, were moer to their liking. They said they would return to Boise and spread the good word about.

Having once been in the motel business, they looked with interest at the situation here. It was their opinion that therein lies the greatest opportunity for winter business for this area, to advertise this vicinity as a winter resort. They may have something there, at that.

Proof of what a little co-operation can do was seen last Saturday evening at the Satellite Club's second annual fashion show and dance. The hall was filled to capacity, with interest running at the highest pitch possible. The crowd was not disappointed, either, in what they they paid to see.

I certainly saw the individual effort put forth by members of the club, how each and everyone

went about to bring the area an event worthy of the name. What individual ideas anyone might have had among members were incorporated to make the affair the best. Once decided on the course, all ladies worked as a team—and success.

With The Churches

Baptist Community

Rev. Nick N. Neufeld, Pastor: Only five more Sundays until Easter. Our goal for the Sunday school attendance by that time is 150. We have had over 100 for the last three Sundays.

The religious survey that is just being completed shows that the majority of people in this area are not in church and Sunday School. We as the Baptist Community church heartily invite you to attend our Sunday school and church if you have no other church home. We are endeavoring to serve the people of this community who are of Protestant faith. So won't you make the Community church your church home.

The sermon subject for Sunday morning will be "What Does our church Stand For?" Our Sunday school at 9:45. Classes for all ages. Evening service at 7:30.

Then there is one service which too few people attend and that is the Bible study and prayer meeting Wednesday evening at 7:30. This is the strength of the local church.

Christian Science Society

Services Sunday at 11 a. m. at the I. O. O. F. hall. The public is invited.

"Matter" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 20.

The Golden Text is "Truly in vain is salvation hoped for from the hills, and the multitude of mountains: truly in the Lord our God is the salvation of Israel." (Jer. 3:23).

Among citations which comprise the Lesson-Sermon is the following from the Bible: "There is no wisdom nor understanding nor counsel against the Lord" (Prov. 21:30), together with the following correlative passage from the Christian Science textbook: "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The varied doctrines and theories which presuppose life and intelligence to exist in matter are so many ancient and modern mythologies." (page 319).

Seventh Day Adventist

Saturday morning at 11, Bro. Joe Jacobs will present a very special sermon in connection with the current "Know your Bible" lectures being held at the Chetco Inn. He will present a detailed explanation of the "Four Horsemen of Apocalypse" which will explain the 4th to 8th chapters of the book of Revelation. The public is cordially invited to attend this lecture.

Saturday afternoon at 4 is the time set aside for the Adventist young people's meeting. Bro. Gilbert Christensen has charge of these services and has been presenting some very worthwhile and inspiring programs.

Special services in the "Know-Your-Bible" series being presented by the pastor include this week: Sunday, March 20, at 7:30 the topic, "The Woman in Scarlet and the Woman in White;" Thursday, March 24, at 7:30, the topic: "Seven Women after one Man."

Curry County Mission of the Episcopal Church

Brookings: St. Timothy Chapel Priest-in-charge, Rev Fr. Luhe O. Ison (phone: study, 734; home 662, Gold Beach)
