

Car Owners Should Study Schedule For Payment Of Motor Vehicle Licenses

SALEM, June 20, (Special to the Pilot)—In an apparent effort to be the early bird that gets the worm, many motor vehicle owners are already setting their 1950 automobile license fees to the registration division, Secretary of State Earl T. Newbry reported today. He added that a majority of the fees are incorrect, requiring considerable correspondence and refunding from his office.

The last legislature raised the annual registration fee from \$5 to \$10, but also provided for a staggered renewal system in which one-twelfth the licenses will expire each month after May 31, 1951. This requires a transition period in which fees will vary between \$5.10 and \$14.45 and the plates will be good for periods ranging from six to seventeen months, Newbry explained. In no case will the amount be exactly \$10. After that all plates will be good for one year at the \$10 fee.

To avoid misunderstanding regarding the new system, Newbry emphasized these points:

1. All 1949 licenses will expire Dec. 31, 1949, the same as in former years.
2. The renewal fee for the new license will be determined by the number of the present license. Expiration date will be shown on the plate.
3. All vehicle owners will receive an application form showing the amount due in plenty of time for obtaining the new plates.
4. Owners are requested not to send in earlier applications unless they know the fee which will apply. Fee schedules will be given wide distribution during the summer. (Clip accompanying chart and save, for information).
