

Boosting Sole Aim Of New Assoc'tion

A general community rally, to be held Thursday, August 18, at 8 p. m. at the high school gym, will be called by the newly-organized group of boosters, who seek to exploit the beauties and advantages of this country as a tourist haven.

The contest, to obtain a suitable name, closes Monday, August 15, and a brief meeting of the group will be held that evening to select a group which will be submitted to the rally for final selection.

Flower Pictures To Be Shown

As part of the program for the rally meeting, August 18, motion pictures of the 1949 parade, taken by Henry Kerr and Howard Adams, will be shown. This is but a part of the program, the committee believes, as there will be discussion in addition.

Membership Drive Waits

Depending upon the name to be chosen, membership cards in this organization are withheld until after that time. Already in the neighborhood of 100 have been pledged. The goal is set for at least 2000 in this immediate community.

At the general meeting, August 18, directors will be named to manage the affairs of the new

organization. From this group of directors, officers will be named, with part of them to serve for three-year, two-year and one-year terms, thus always having experienced people on the board.

Regatta Strongly Talked

While no official action has as yet been taken, talk is going the rounds to include a regatta on the river in the fall, with the two festivals to be under the sponsorship of this organization.

Such plans will be studied by many in the community and submitted to the group at a later date, so the belief indicates.

Promotion Sole Purpose

While this organization is being set up for exploiting this area it is in no wise meant to interfere with the chamber of commerce, the Rod and Gun Club, or any organization. Its purpose primarily is to stage festivals and such affairs to attract people in the area for entertainment.
