

CURRY COUNTY FAIR EXCEEDS ALL EXPECTATIONS IN EVERY MANNER

The 1949 Curry County Fair, which had been feared by the board members for some weeks to be a "flop," not only broke attendance records this year, but the quantity and quality of exhibits far exceeded hopes, held even as late as a week ago. While the complete list of winners is not at the moment available, southern Curry County attended and exhibited in a manner that brought gleams to the eyes of the board members, and visitors.

While the Pilot has not been able, nor has had time to, receive official winners list, a representative did learn these facts:

Darrel Hampton won first on his rabbit does for 4-H clubbers; Lyndel Fadling won first on his rabbit buck in the same class. Other members of his same 4-H club were winners, too, but exact status was not obtained.

Elaine LaClair won her usual trip to the state fair on sewing, and all the prizes she could on her entries. She was also a fair princess, representing Chetco Grange.

Mrs. Lockland's flower girls were heavy winners in all their individual entries (the list will appear when sent by the fair board).

Club has presented to Chetco Community library. The library is open on Monday and Friday afternoons from 3 to 5:

The philosopher of Weedy Acres reclined in the glade. He wore his birthday suit for suntan purposes, a straw hat upon his head, a book of Chinese philosophy in his hand.

"Come," I said, exasperated, "Up and at them! Salmon berries will be growing on your finger tips, wild cucumber vines will cover you as the leaves did the babes in the woods, quack grass grow for hair, and thistles, everywhere."

But he only yawned, and gave me some talk.

New U. of O. Girls Dormitory Like Home

UNIVERSITY OF OREGON, Eugene, Sept. 6 (Special)—The University's new \$1,600,000 dormitory for women will open for the first time this fall. Modern throughout, it will house 333 girls

in living units of 20 each. Each unit will be equipped with a kitchenette, shower, bath and lavatory facilities, trunk storage space, laundry room and individual steel lockers for off season

clothes, as well as comfortable and airy living rooms. Here are two prospective freshmen testing living in the new unit. They are, from left: Elizabeth Erb and Beverly Goheen.

"Lean to the wind. Bend nature gently to your way, and do not try to thwart her. Don't uproot all the native beauties about you, train and trim the vines, keep the salal in the garden, prize the beauty of the foxglove, utilize the native shrubbery, the myrtle, huckleberry bushes. Why work so hard to import flowers foreign to our native soil, enjoy what we have and take life a little easier. The Chinese have a saying, 'The grass bends with the wind and does not break'."

So, I went away and put polish on my finger nails.

Will Meet Thursday

Azalea Garden Club members will meet at the Grange Thursday afternoon, Sept. 8, at 1:30. There will be no flower arrangement practice. In place of the regular September meeting, a garden tour of well-known Smith River gardens has been planned.

The garden pilgrimage will be made to the homes of Mrs. Kenneth Laymen, Mrs. Maris Sr., Mrs. Mabel Maris, Mrs. Grace Haight and Mrs. Forrest Dunham.

Transportation from the hall will be available for all who wish to take the tour.

Who Knows About Old Grist-Mills?

Grist mills? Were there any in the early days in this area?

Emil R. Peterson, historian for Coos-Curry Pioneer Association, is hunting for this information, as may be seen on page six of this issue.

These quests for information, carried on from time to time through the columns of the newspapers of southwest Oregon, are expected to furnish material for a history which will be written about this country.

Those who belong to any book clubs have noted, especially in the past year or more that historical novels have made the "best seller" lists many times.

A "best seller" could be written about this section of Oregon, still the last frontier.

All-Time Death Toll Set Over Week-end

Despite all warnings through

press and radio, people of the United States did not heed, and Tuesday morning reports tell of an all-time record high for violent deaths over a holiday weekend, with over 400 paying with their lives.

Traffic, reports say, took a toll of more than 350, with the remainder being divided between drowning, fires, etc.

Oregon's contribution to this staggering number was seven, a report stated, with all being in traffic.

Curry county escaped any fatal tragedies on the highway, but had one at the fair from heart failure.

Sawmills Resume After Lay-offs

Craig sawmill, near Dawson tracts, and Swan mill, near Carpenterville, resumed "operations" the first of the week, after shut-

downs. Swan opened Monday, and Craig Tuesday.

Craig had been down a few weeks, reportedly from logging difficulties, while Swan had been layed off about two weeks.

Both these mills add materially to the lumber output of the district.
