Children Referred To County Clinic

Thirty-five school children of this area were referred to the Gold Beach Clinic as result of the clinic conducted here last week, according to records. Tests were made for visual, hearing, and speech defects, and included children from Upper Chetco, Carpenterville and the local schools.

Specialists conducting the clinic were:

Dr. John Taylor, hearing.
Miss Dora Crouter, vision.
Miss Madeline Bowers, speech.
Miss Esther Lipton, chronically ill or crippled children.
Mrs. Verna Hogg, consulting psychologist.

Reports were sent to parents of children needing corrections.

This service is offered by the state department of education and is invaluable in finding and correcting defects which retard a child's progress in school.

Azalea Garden Club To Publish 1950 Yearbooks

The yearbooks for Azalea Garden Club are in the process of printing at the Pilot office. Again, the local club is hoping to lead the state of Oregon in production of a yearbook, and program. In 1946 and again in 1944 the Azalea Garden Club won second price in Oregon for its yearbook and program. Last year its program and yearbook was voted as "outstanding" in the state. Nothing less will be accepted this year if efforts of the program committee may be taken as an indication.

Save letter-writing by sending the Pilot to friends.

In an old and abandoned cemetery, located in the hills of Nevada, is a grave that has fallen in. Leaning over it is a white tombstone. On the stone is inscribed the sentiments of friends of the deceased. The epitaph reads "He kept asking for it. So we gave it to him."

In Korea money is called won. If one won one won in Korea he would have won but such won would not be much of a one. The Korean won is being exchanged at the rate of two thousand for one dollar.

Speaking of names there is Lake Manitowish, and the hustling little city of Paw Par, Michigan.

Predictions are being made, among informed circles, that the Charleston is about to be revived. Certain prognosticators assert that with this dance shall also come flapper fashions, bucket shaped hats, yellow slickers, shingle bobs, bangs, spit curls, rolled tops and rouged knees peeping out from beneath the hem. No! No! A thousand times "NO!"

We have Smorgasboard across the country and have eaten in some of the swank smorgasboard palaces but the smorgasboard that Bill Raymond is currently turning out at Raymond's Lodge, north of Pistol River, is as delicious as any we have ever tasted. Anyone going after smorgasboard should remember that it is the early smorgasboard that gets fed.

About a hundred years ago the so-called iron hat came into existence. This chapeaux got its name because the wearer could fix a piece of sheet iron inside the derby. Such a bonnet was greatly favored by the politicians of those early days. When any member of the opposition party hit the politician over the head with a club the latter was not injured if he was protected by an iron hat. But today the iron hat is only a museum piece. Politicians no longer require such protection. Hit a politician's head today, with a club, and the club breaks.

Millbrae, Calif., police are holding a man who, they allege, has got more wives than the law allows. He married a girl named Myrtle and then met a second girl named Myrtle. He married the second Myrtle, then had this marriage annulled, then divorced the first Myrtle, then re-married the second Myrtle, then met a third girl named Myrtle and married her. Each time he participated in a ceremony he gave his blushing bride a bouquet of roses. "It was roses, roses all the time and Myrtles thrown in his path like mad."

Error Discovered In P.-T. A. Awarding

Following the Parent-Teachers Association "Penny Supper," the membership awards was given to the eighth grade, with the fifth a close second, three percent behind.

However, at a later check, an error was discovered, which has changed the percentage, and the eighth grade voted to give the award to the fifth grade.
