County Agent R. M. Knox attended the annual meeting of the American Romney Breeders Association at Eureka last Tuesday. Oregon, Washington and California were represented. Dallis Gould of Hydsville, Calif., is a new director.

The Romney breeders in the United States have been selecting their stock for the finer wool and by so doing the breed has lost in size and weight, Knox stated. Principal growers in this county are R. M. Knox and son of Gold Beach and Walter Hofess of Langlois. Mr Hofess is negotiating for an English Romney ram. These animals weigh 225 to 250 pounds, and are heavier boned than those in the U. S.

Not By Bread Alone

"Now the parable is this: The seed is the word of God. Those by the wayside are they who hear; then cometh the devil and taketh away the word out of their hearts, lest they should believe and be saved. They on the rocks are they, which, when they hear, receive the word with joy; and these have no root, which for a while believe and in time temptation fall away. And that which fell among the thorns are they, which, when they have heard, go forth and are choked with cares and riches and pleasures of this life, and bring no fruit to perfection. But that on

the good ground are they, which in an honest and good heart, having heard the word, keep it, and bring forth fruit with patience." Luke 8:11-15.
