Nowhere a Finer Climate - Nowhere A Finer Community

VOLUME FIVE, NUMBER II

BROOKINGS, CURRY COUNTY, OREGON

THURSDAY, MARCH 9, 1950

## Pomona Meeting Attracted Many To Chetco Grange

Second 1950 meeting of Curry County Pomona Grange, held at Chetco Grange, Saturday, was presided over by Worthy Master Henry Adolphsen. Mrs. May Loghry of Josephine County, district chairman of state Grange home economics committee, and Henry Gustafson, County County deputy, were escorted to master's station and welcomed. At the morning session routine business was disposed of.

A baked ham dinner was enjoyed at noon, served by the local Grange.

The lecturer's program, conducted by Lecturer Bea Phipps, was held immediately after dinner. Mrs. Loghry spoke on this year's home economics projects and reports to the state Grange.

H. W. Gamble of Bandon, representative of the Grange Mutual Life Insurance Co., explained the different types of policies available to Grange members. The program was completed by everyone taking part in singing and stunts.

R. M. Knox spoke on 4-H club work, and said that the week of March 4-12 is National 4-H club week. Henry Adolphsen recommended that two more 4-H scholarships be given by Pomona and himself. At a previous meeting four 4-H scholarships had been provided, so after these two were voted, the Pomona Grange, and Henry Adolphsen scholarships will provide for three boys and three girls to attend summer school in June.

Telephone service in Curry county was discussed, and was found to be unsatisfactory in all parts of the county. It was voted that Pomona Grange sponsor an REA telephone system, with the executive committee to be in charge of the project.

Emil Peterson of North Bend spoke of a Grange organized at Gold Beach, then Ellensburg, in 1881, and had the list of charter members read.

The next Pomona Grange will be held at Ophir, May 6.

The school board held its regular meeting, Tuesday night.

## Food Handlers Comply In Co.

GOLD BEACH—Now that the food handler of Curry county have responded 100 per cent to obtain their examinations and be issued their health cards, it is necessary for the employers to do their part in not employing anyone even for a limited time without first having the prospective employe procure his health card, the county health office said late last week.

## Vic Reynolds Given 'Chef Of Month' Award By 'Mag'

Beside being a fisherman of considerable note in this area, Victor H. Reynolds also has a legitimate right to lay claim to being the "chef of the month," according to a letter from the *Sunset Magazine*, to the Pilot, the first of the week. The culinary secret, on which Mr. Reynolds won this honor, is:

"Here's a recipe from the Northwest where salmon is so plentiful, yet always popular and in demand. In terms of musical taste, its effect is somewhere between the harsh, strident note of smoked salmon and the soft sweetness of creamed salmon.

"During the salmon run, Victor H. Reynolds, of Harbor, Oregon, generally makes quantities of this dish, packs it in quart containers, and puts it in the freezer for enjoyment in months to come. He says recipe is even better with steelhead.

**SMOKY CREAMED SALMON**  
Salmon,  
Bouillon,  
Evaporated Milk,  
Flour,  
Salt  
Liquid Smoke.

"Steam salmon until tender, over bouillon, then break into bite-size pieces. Make a cream sauce with evaporated milk, diluted with bouillon instead of water, flour and salt. Add liquid smoke to give the desired smoky flavor. Serve with baked potatoes and a tossed salad." — Victor H. Reynolds, Harbor.

## Noted Doctor Was P.-T. A. Speaker Monday Evening

Dr. Royal Lee, founder of the Lee Foundation of Nutritional Research, and famed for his use of nutrition to curative of human ill, spoke at length Monday evening to a huge P.-T. A. audience at the high school. Highlighting his talk was the theme that we Americans are "starving" to death in a land of plenty.

"Our soils have become so depleted in recent years that our wheat which used to contain as high as 20 per cent protein content, today shows as low as 9 per cent. Our breads, fed to test animals have killed them in as few as 50 days. Whole wheat bread killed them even quicker. Our deficiency diseases of today, such as diabetes, heart failure, arthritis, rheumatism and such are easily corrected or controlled by diet.

"One of our diet curses of today is sugar, which has been actually ruined by refining processes. It was discovered quite by accident that arthritis can be helped and sometimes cured by use of 'blackstrap molasses. The Chinese have little or no heart trouble, little or no diabetes, or polio. It is their foods which contain more of the essential food elements necessary for proper living.

"Pasteurization of milk makes it a poor food for the body. True pasteurization stops growth of bacteria which spoils milk in a short time, but it also spoils it as a food. Butter contains vitamin E, robbed from our grains which are manufactured in to breakfast foods and flours and

## Card Party Series

The last party of the series of pinochle games being given by the Rebekah Social Club will be held this Saturday evening at the Odd Fellow hall at 8. At this time, the prize for the highest aggregate score for the entire series will be awarded.

The results of the party held Feb. 25 were: high scores were held by Dorothy Simpson and Bob Chambers; low by Dolly Brainard and Bill Wridge; pinochle by Mrs. George Murry and Fred Gustafson. The door prize was won by Mrs. Eugene Ackley.

## Angling Rules Set To Gun Club's Suggestions, '50

With reference to the 1950 angling regulations, all recommendations made by the Chetco Rod & Gun Club were approved by the Oregon State Game commission.

The most important of these, with greatest interest to local anglers, was the recommendation of the opening of tidewater to the fishermen on the same date as the opening of the streams above tidewater. This will permit the angler the enjoyment of spring cutthroat fishing in the lower reaches of the rivers and provide him with an additional two months of sport therein.

"We are indeed fortunate, in a community as small as ours, to have such a progressive and enterprising organization as the Chetco Rod & Gun Club," the Pilot was told. Many communities several times the size of this cannot boast of a sportsmen's group which is so active and as forward-thinking for the betterment of all.

## FINAL REPORT ON "DIMES DRIVE" RELEASED BY COUNTY CHAIRMAN

GOLD BEACH—Final report on the 1950 March of Dimes campaign, exceeded, by about \$80.00 any previous drive, according to John C. Porisch, county chairman, who submits the figures:

Communities	Schools	Organ's	Cans	Cards	Events	Total
Gold Beach	\$ 44.47	\$ 16.65	\$136.13	\$114.70	\$198.95	\$510.90
Brookings	51.69	55.06	63.98	112.54	71.25	354.52
Port Orford	31.12	10.00	38.64	87.80		167.56
Langlois	20.68	5.00	20.80	67.85		114.33
Harbor		5.00	11.13	84.35		100.48
Sixes		25.00	2.70	38.25		65.95
Ophir	8.17	5.00	10.30	25.00		48.47
Pistol River	7.71		12.29	24.00		44.00
Agness	7.25		1.00	29.45		37.70
Denmark			5.30	25.00		30.30
Wedderburn			6.65	21.10		27.75
Totals	\$171.09	\$121.71	\$308.92	\$630.04	\$270.20	\$1501.96

Success of the 1950 March of Dimes campaign, said Mr. Porisch, is due in no small part to the generous contributions of time and effort by the local chairmen in every community of the county.

The following donations by organizations have not been previously been acknowledged: Port Orford Legion Auxiliary, \$5.00; Port Orford Legion, \$5.00; Satellite Club, Brookings, \$5.00.

Curry county now has available over \$3000 to assist any infantile paralysis victim patient to obtain the best medical care and treatment. "We have donated, since 1938, a slightly larger sum for research work in treatment and control of the disease and for medical research, now being conducted by the various medical colleges of the United States and Canada.

## Dist. 17 10th In Per Capita Costs For 6 S. W. Ore. Counties

Information from the Directory of Standard High Schools for the year, ending June, 1949, from Rex Putnam's office, reveals interesting figures concerning operation costs for the high schools of the state.

Computations from these figures reveal per capita average operation costs for small high schools as follows:

Josephine County (one high school)	\$337.19
Lane County	\$385.52
Douglas County	\$398.07
Jackson County	\$453.29
Coos County	\$467.79
Curry County	\$513.86

It is to be noted that in the small high schools in six southwestern Oregon counties, Curry county has the highest average operational cost, \$513.86 per capita, and Josephine county with one school, the lowest, \$337.19. It is to be further noted that Brookings' average operational cost is \$320.75, or \$16.44 lower than the lowest county average in these six counties.

The following tabulation gives the operational costs for 38 small high schools in the six counties.

Brookings is in the 10th place with nine small high schools with a lesser cost and 28 with greater:

High School	1949-1950 Cost Per Pupil
1. Elmira	\$267.35
2. Coburg	\$271.98
3. Day's Creek	\$273.81
4. Sutherlin	\$285.35
5. Yoncalla	\$286.73
6. Marcola	\$299.70
7. Eagle Point	\$301.58
8. Crow	\$309.46
9. Glendale	\$319.04
10. Brookings	\$320.75
11. Glidden	\$324.13
12. Bandon	\$324.50
13. Illinois Valley	\$337.19
14. Jacksonville	\$339.01
15. Pleasant Hill	\$348.41
16. Coos River	\$348.80
17. Canyonville	\$351.37
18. Florence	\$354.01
19. Phoenix	\$380.72
20. Rogue River	\$385.30
21. Oakridge	\$385.51
22. Riddle	\$431.78
23. Talent	\$446.51
24. Lorane	\$446.65
25. Gold Hill	\$457.72
26. Drain	\$464.14
27. Port Orford	\$488.30
28. McKenzie	\$513.12
29. Oakland	\$519.02
30. Gold Beach	\$537.04
31. Prospect	\$544.50
32. Elkton	\$558.04
33. Camas Valley	\$565.41
34. Lowell	\$569.50
35. Langlois	\$584.88
36. Ophir	\$638.36
37. Powers	\$730.09
38. Butte Falls	\$771.04
Average	\$423.17

Word has been received that Joe Morrell that he is confined to the hospital in New York for a month following a major operation, but that he expects to leave on his trip to his former homeland, Italy, the middle of the month. He will return in June, according to his present plans.

## COME ON, LET'S DANCE

The Azalea Festival's first dance of the season, to be held Saturday, March 11, should appeal to all who like to trip the light fantastic. With so many of our folks, both young and old, practicing up on the intricacies of the old fashioned square dances, the revival of which seems to have taken the nation by storm, this will be a grand opportunity to really step out and strut your stuff. There will be modern dancing too, so come on, come all, you are surely to have fun, Saturday.

The princess of the Azalea Festival will be present and from this group of attractive and charming young ladies, one later will be chosen as Queen to rule over the Festival and its many planned

activities. Supper will be served at midnight.

Let's get behind our All-Year Events Association and support the organization upon whose efforts rests the success of the Azalea Festival, and make it the biggest Festival we have ever held here.

Many of us fail to realize the vast amount of time and labor, to say nothing of the money, which goes into the planning, carrying out and careful execution of the festival. Upon the shoulders of a few, who give unstintingly of their time and efforts rests a huge responsibility. Co-operation is the foundation of success and it is funds we need to guarantee this success. Come on, let's dance! (Contributed).
