#### JAMS

You will find at Brookings Market but no traffic jams. Since the addition to the store has been completed, there is adequate room for a great many people to do their shopping without interference. There is plenty of space between the racks and shelves for the homemakers or the husbands to leisurely browse and really see what they wish. New "push" market carts equipped with removal wire baby seats, and ball-bearing rollers, are now in use for convenience of the mothers with small children. They love this ride about the store, up where they see what people are doing and out of reach of things, giving mother chance to really market. Efficiency in checking customers quickly has been increased since the new checking counter with slot space for carts was installed. This counter is kept spotless with the new lettuce-green Formica top. You'll not be sorry when you market with the DIMMICK BROS. (Brookings Market).

#### IF YOU HAVE

A special idea in mind as to decorations on a birthday, anniversary, wedding or special events cake, tell the WILLIAMSON'S BAKERY about it. They take special pains to create just the effect you wish to give and will go to any end to try to please you in every way. In the same way that artists use paints on canvas to create a picture, the WILLIAMSON BAKERY staff uses frosting, colored with vegetable dyes to copy a lodge emblem, organization crest or insignia. By grapevine, it has gotten out that even congratulatory birthday wishes in Spanish can be executed on a cake by your local baker.

#### EASTER

Is upon us and there are just a few days to get those little men and daughters outfitted with new shoes for the occasion. Pastel open-toe sandals for baby, white kid and patent leather baby doll strap pumps, and toeless sandals in red, and brown, are cute as they can be for the little miss Oxfords and sturdy shoes and cowboy boots will dress up the foot of the little man. Shoes worn at the Fashion Show gave you some idea of the selection for young ladies and women. White heels are in too, along with blue and white sling spectators—just up the street at GOULD'S SHOE STORE.

#### WHEN YOU

Are having guests from out-of-town and do not have rooms in your home to care for them, HOTEL BROOKINGS would be glad to accommodate them for you. MR. AND MRS. EARL MUNSON have been so busy at cleaning, painting, and renovating that they haven't gotten out to meet the local people as much as they would have liked. Mrs. Munson, especially, is busy with her homemaking duties, as well as helping with the business and has not met many. Keeping the guests warm, clean and comfortable is their policy. Your relatives or friends would be in good hands.
