Brookings Pelicans made the long trek to Roseburg Sunday, but their scheduled league game with the Chiefs was rained out. This game probably will be made up when Roseburg comes to Brookings, Aug. 6.

Business Manager Pete Lesmeister announces that the local club is nearing full strength and providing the pitching holds up, should cause considerable trouble for the other teams before the season ends.

Bill Jollie, first baseman and Bill McLean, outfielders, both from Vanport College, Portland, joined the team over the week-end and plan to stay for the summer. Connie Holzgang, infield high school star from Medford, also came to Brookings, Monday.

Chuck Barao, first string Vanport catcher and Jack Sexton, slugging outfielders from the Portland semi-pro ranks, are expected by the end of the week.

The Pels play at Grants Pass next Sunday afternoon and then take on Rogue River here the following Sunday, June 25.

Team batting averages have been released by Lesmeister:

Editor, Pilot: Several people have told me that it was reported in the Pilot that Dr. Schmitt had received both the Republi-

can and Democratic write-in nominations for county coroner. I did not see it myself so I am proceeding strictly on their statements.

Actually Dr. Schmitt received only the Republican write-in. I received the democratic write-in although I am a registered Republican—and I have accepted the nomination. So the issue of who is to be county coroner will be decided in the fall election.

I thought you would be interested in having this matter clarified. Your very truly, Raymond L. Erickson, Gold Beach.

Editor, Pilot: How lucky can we be? On page 8 of the Oregonian, Dated June 7, is a news item from Fairhaven, Mass., telling that Catholic clergymen of that city had barred high school students from attending their baccalaureate exercises because they were to be held in the church building of another faith.

In Brookings, on a Sunday evening an inspiring baccalaureate exercise was held in which all denominations were actively participating without regard to a creed, to the benefit of the graduating class and who attended. We are fortunate. (Signed by a non-church goer who requests his name withheld from publication)

Editor, Pilot: A successful trip to Gold Beach was made possible by a good delegation from Brookings attending the budget hearing last Friday. Offices of both the county health nurse and home demonstration agent have been retained for this year. Thanking all who took part, for their sincere co-operation, we are: Curry County Tuberculosis and Health Association, By Bertha Whirry, president.

WILSON FREEMAN

BROOKINGS, OREGON

TO THE PEOPLE OF CURRY CO.:

A delegation of Curry County residents, comprised of Republican and Democratic registered voters, has called upon me and requested me to become a non-partisan candidate for District Attorney at the general election in November.

They pointed out to me that the vote I received at the primary election was approximately the same as that received by my opponent. They state that there are approximately 3000 registered voters in Curry County and the present situation adds up to the fact that, unless something is done about it, less than 400 voters will have decided this issue. They feel that the remaining 2,600 voters should have a chance for a free expression of their choice for district attorney. They say that all of the voters of Curry County should be given a chance to say whom they want for their district attorney. This can only be accomplished at the general election in November.

More than 100 voters, of both political parties have requested me to become a non-partisan candidate in November. They are all of the opinion that a district attorney should be chosen because of his qualifications as a lawyer and not because of affiliation with a political party.

All of these folks have come to me of their own free will and have asked me to become a candidate. I cannot refuse their request. Therefore I respectfully announce myself as a non-partisan candidate for the office of District Attorney of Curry County at the coming general election in November.
