

**With The Churches
Christian Scientist**

Services Sunday at 11:00 a. m. at the I. O. O. F. Hall. The public is invited.

"Truth" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 23.

The Golden Text is "God shall send forth his mercy and his truth." (Ps. 37:3).

Among citations which comprise the Lesson-Sermon is the following from the Bible: "Let your light shine before men, that they may see your good works, and glorify your Father which is in heaven" (Matt. 5:16), together with the following correlative passage from the Christian Science handbook: "Science and Health with Key to the Scriptures" by Mary Baker Eddy "The best sermon ever preached is Truth practised and demonstrated by the destruction of sin, sickness and death, (page 201).

6.89 acres with practically new home, double garage, chicken house, deep well, all overlooking Harris State Park, and the beach. One of the finest of views—excellent gravel road. Finest gas range, Servel refrigerator, a floor furnace, davenport and a desk. All this included in the low price of \$6750 with some terms.

2-bedroom house with 2 acres on lovely Ocean View Drive. Total price only \$4750—\$750 down, balance only \$60 per month, including interest. Why pay rent?

Let us show you one of the finest 3½ acres with new 2-bedroom home with large fireplace, and picture windows overlooking river and ocean. This is excellent river frontage. Would also make good motel site. Only one of its kind in this area. Price \$15,500, best of terms.

3-bedroom town home in good location. Only thing wrong with this is the price. It's too low at \$4700, with \$750 down and balance like rent. You know what the papers say: "down payment going up."

Two fine town lots 50x125 with spring on each. Excellent location close to church and schools. See these before you buy that building site. Terms to suit you.

7 acres close in. Wonderful place to build those rentals. Only \$3500.

Many other better buys—whether it's standard time, day-life savings time, our time is your time, so call on us any time.

**Classmate Visits
At Perkins Home**

Mr. and Mrs. Bob Welch and children of Canton, Ill., are visiting Mr. and Mrs. Bob Perkins while on a vacation trip. The two Bobs were classmates at Canton all through school.

Mr. Welch, a Rotary, boasts a perfect attendance for five years, and kept his record perfect by attending the local club Tuesday noon.

**WASHINGTON
WEEK NOTES**

By Harris Ellsworth, M. C.

Better to understand what is happening in Korea now it is necessary to review some recent history. The Japanese surrendered Aug. 10, 1945. General Order No. 1, which General MacArthur signed later and which established the 38th parallel as a dividing line, was written the next day, approved by the joint chiefs of staff and by the president and was telegraphed to MacArthur in Manila on Aug. 15. Meanwhile on Aug. 12, Soviet military forces entered No. Korea. The Russian government later agreed to the 38th parallel line. General Order No. 1, addressed to the people of Korea was not actually transmitted to them and put into effect until Sept. 2, 1945.

The last paragraph of the preamble of the order reads: "By virtue of the authority vested in me as Commander in Chief, Unit-

ed States forces, Pacific, I hereby establish military control over Korea south of 38 degrees north latitude and the inhabitants, and announce the following conditions of occupation."

The sole purpose of making the division line at that point was military convenience for taking the surrender of the Japanese forces.

And so, although G. O. No. 1, we have authorized \$445,000,000 in economic assistance to So. Korea and a total of only \$50,000,000 in military assistance, which consisted of \$56 millions in war surplus stuff and a million dollars worth of our old equipment turned over when our troops were withdrawn. To those who knew the story it seemed pretty obvious that economic aid unprotected by military assistance amounted to fattening a lamb for the slaughter.

Just a year ago, on July 26, 1949, the Republican minority on the house foreign affairs committee dissented with the majority view regarding further economic aid for Korea in a report which contains the following paragraph:

"If this is the case (that Soviet troops attached to the No. Korean puppet government armies are in positions of command as well as acting as advisers) and there is no reason to doubt the report of the So. Korean government, the Soviet has actually entered the conflict along the frontier. This development may well presage the launching of a full-scale military drive across the 38th parallel. Unless

this nation is prepared to meet force with comparable force, economic assistance cannot of itself insure the safety or the integrity of So. Korea. To the contrary, there is every reason to believe that the lending of economic assistance at this time will only enhance the prize to be taken by force of arms and internal intrigue."

Now we are fighting in Korea. It is going to a long, tragic and costly effort. We cannot turn back. Those of us who have objected to the Asiatic policy of the administration in the past are now giving full support to the present effort.

Among other things, we attempted for years to make the President and the state department realize that the Russian government is our enemy and cannot be trusted to keep agreements. We attempted, without avail, to advance the idea that any independent government of China which was friendly to the United States should be supported against Mosco controlled communists. Now we are fighting because the Russians violated solemn agreements and we are fighting against the greatest of odds because the Russian government has the great power of the Chinese communist army to oppose us.

Now that they have learned the hard way that it might pay to listen to the views and opinion of the other fellow, I hope the president and the state department from now on will really put the foreign policy on an honestly bi-partisan basis.

Stock Up Before It's Too Late!

Things Are Tough—and are getting tougher!!
Paper, the Pilot was informed last week, will go higher in price, with some grades, possibly, not obtainable. While these price changes have not come through, they will soon show up.

ANYONE NEEDING any type of printing now, or who anticipate need, order now before prices do go up. At present most may be supplied without trouble—later, the story may be different.

SEE US AT THE EARLIEST CONVENIENCE!
