Along Azalea Row

By B. Miller

What is the Azalea Garden Club about, which I write in this column? Is it some exclusive club into which one must be introduced? With guarded membership and old traditions?

Yes, it has traditions. Traditions of friendliness and helpfulness. Any lady who loves the flowers and is interested in her own and her neighbor's garden, and would like to assist in making the community more beautiful, is welcome to join the club.

Azalea Garden Club was formed about January, 1945. At that time, just as now, many new families were moving into this area. The women were much alone and there were few telephones.

So, some of them thought of forming a club as a means of getting acquainted. And Azalea Garden Club was the outcome. Mrs. Almo Newton was the first president. Mrs. B. E. Kerns is president now.

If you have recently moved into this community, please come to the next meeting of the club, at the Grange hall in Harbor, and give us all an opportunity to meet and make you welcome to our community and club.

If you have lived here for a long time, join your friends and neighbors in the garden club. We meet once a month, usually the second Thursday afternoon.

Last Thursday afternoon, the members enjoyed a pot luck luncheon and social hour over filled. There were five exhibitors from Azalea Garden Club, and

Mrs. Charles Grayshel reported on the Curry County fair, stressing reasons why many floricultural specimens were disqualified. Blue ribbons awarded. New members recently wel-
