

Fair Board Thanks Curry County For Fair Success

GOLD BEACH — Members of Curry County Fair Board would like to take this medium to thank each and every person who helped with the fair.

The board feels that the fair improved immensely over prior years and know that some of the county residents gave much of their time and effort, working long hours, to make it so. Others laid off work in order to participate in the parade and other activities.

Your co-operation and interest was greatly appreciated by the board and it is the hope that every one will see fit to support the fair next year, says Caroline Oliphant, secretary.
