**Why is the  
BASIC  
SCHOOL FUND  
INCREASE  
Necessary?**

Rising costs and devalued dollars upset the support plan you, the Oregon voters, approved in 1946. At that time it was intended that school support be 50% state, 50% local. At present it is 31% state, 69% local. This measure will simply help balance school support as it was intended.
