main yet for some time. Faye Raush was released after being under observation for a short time.

Funeral at Burns, Sunday

Funeral services will be held Sunday at Burns for the victim, at the Presbyterian church, of which he is a member, the Pilot was told by Emery Hyland, with whom he had made his home in Brookings.

Jerald Wayne Wenzel, 18, was a graduate of Pleasant Hill high school last spring. He had made his home with his grandmother during that time. Besides his parents, Mr. and Mrs. Alois Wenzler, he is survived by a sister, Susan, and two younger brothers, Douglas and Hugh, and grandmother.

While in Brookings but a brief time, the lad had won himself many friends among the younger group. He was employed at Brimm Bros. Mill.

ing in a few numbers with the audience joining in on "God Bless America."

Afterglow Great Show

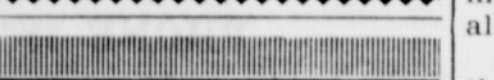

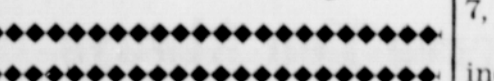

Afterglows, it is said, are staged so that all groups can watch each other perform, impossible at the parade. Here, at a luncheon, people really become friendly, really show up their talents which were not permitted for lack of time at the Parade. Here the audience mingled with the singers, and fellowship reaches a new high.

Boy Shows Dad He Wasn't Wise As He Thought

One of the strangest bear stories in years took place on Jack's Creek about a week ago.

Signs of a large bear were noted on the Freeman logging road near Claud Wright place, so Gary, 13-year-old son of Mr. and Mrs. Andrew Jackson, decided he was going to trap it. Starting out with a smooth-jawed coon trap, he carefully set it.

Of course, his father and the neighbors were having a big laugh at the idea of his catching a bear with a coon trap—but they were the ones who laughed too soon.

When Gary went back the next day, there was a 500-lb. bear caught by one toe in his smooth-jawed coon trap—sitting on top of a log.

Gary, who had brought his father's rifle along, proceeded to shoot the animal. Jack Upmeyer was along when he killed the bear and there were two very excited young men—and some very surprised elders.

Surplus Feed Spuds Are Available Now

GOLD BEACH—The Production and Marketing Administration just announced the availability of surplus potatoes to be fed to livestock at an increased price. The price is now 24c per cwt., government point of purchase in sacks or 10c per cwt. in bulk.

The two nearest points of purchase include Kalamath Falls and Redmond. Estimating freight at \$10 per ton the delivered bulk cost in Curry county would be \$12 per ton or \$14.80 in sacks. This is approximately equal to \$70 per ton for barley measured by total digestible nutrients. Potatoes are nearly 80% water.

This price comparison has been computed by County Agent Knox. Additional information is available upon request at the county PMA office in Gold Beach.

Voters Interested In Coming Election

The Pilot, in the past two or three weeks has been flooded with requests for sample ballots to study prior to the coming Nov. 7, election.

While non-committal, these inquiring voters wish to study all the measures on the ballot.

Considerable interest, all over the county in the race for district attorney, with volunteers coming strongly in support of Ed Ackley of Brookings.

The Shaw-Ellsworth race for congressman of the Fourth district has lined up two definite camps, with Shaw appearing to be strong among laboring men by virtue of his erst-while connection with the national Labor Relations board. Ellsworth is a favorite with most of the rural people who swear by his honesty in all matters.

The McKay-Flegel race is a race drawing considerable comment on the street. McKay has lost some ground, it has been pointed out by political observers, but then there are those who say Flegel has no chance.

The coroner race, between Dr. R. L. Erickson of Gold Beach, a Republican who won the democratic nomination and Dr. A. O. Schmitt, who holds the Republican nomination. This race is likely to be close.

A NATION OF
"Alcoholics"
Unanimous....."

"That's What We'll Become if the Present Trend to Alcoholism Continues," warns a recent session of the Institute of Scientific Study for the Prevention of Alcoholism.

THIS SAME SESSION ESTIMATES THAT 50%
Of High School and College Students use Alcohol,
W H Y ?

There's only one answer. The use of alcoholic beverages has been promoted by false and malicious liquor advertising to such an extent that our children have come to believe that the use of these poisons is a SOCIAL MUST—

These same liquor interests cannot escape the responsibility for the ruined homes, ship-wrecked lives, and increasing national immorality which stems from the use of their product.

And yet they cry "UNFAIR" when an attempt is made by the aroused populace of our state to put an end to their false and misleading propaganda.

They tell us that alcoholic beverages are used by "MEN OF DISTINCTION" and that "BEER BELONGS" in our homes. Yet they fail to show what happens, far too often, to the men, the homes, and even the boys and girls who fall prey to their misleading advertising.

Have you ever seen one of their "ads" picturing the drunk in the gutter, the broken home or the innocent victims who have been criminally attacked and murdered by those who have "blacked out" after use of their product? Of course you haven't!

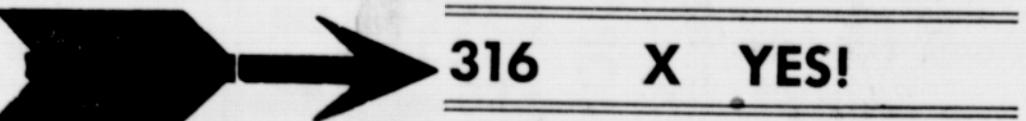

What a HOWL you hear coming from the liquor interests because their "RIGHTS" to advertise these poisons is now being threatened.

The measure on your November 7 ballot which, when passed will make the sale of promotively advertised alcoholic beverages unlawful in the State of Oregon DOES NOT FORBID ALL LIQUOR ADVERTISING—

Read Carefully Section Two, Page Thirty-six, of your "Official Voters' Pamphlet," distributed by the Secretary of State and you will see that the "NAME of the producer or dispenser, the TRADE NAME OR BRAND of the product, and the PLACE WHERE AND THE PRICE AT WHICH such alcohol is sold" CAN BE ADVERTISED!

But false and misleading advertising such as "THE MEN OF DISTINCTION" and "BEER BELONGS" ads, which are aimed at attracting the young people of our communities to become habitual users of alcoholic beverages, are banned. AND THEY RIGHTLY SHOULD BE.

So we urged you for the sake of your homes, your community, your children and your nation to mark your ballot on November 7—
