Man Found Dead Here Late Sunday

Frank Peck, a newcomer to this area, was found dead in Miss N. V. Hawk's cabin in the Ward King tract, late Sunday afternoon by Wesley Smith, deputy sheriff, who had been apprised of his absence. Peck, who had died apparently from a heart attack, was said to have been dead about 24 hours.

John Porisch Again Heads "March Of Dimes" Campaign For Curry County

GOLD BEACH—The 1951 March of Dimes campaign is on in Curry County, the State of Oregon and throughout the nation, from January 16 to 31, said John Porisch, district forest ranger, who again heads Curry county campaign. He expressed the hope that the 1951 campaign would be equally as successful as others.

"Curry county was again fortunate in not having a case of infantile paralysis in 1950. However, the state of Oregon had a record high in numbers for 1950.

"The 1951 campaign will be handled in the same manner as in past years. All schools will be supplied with contribution cards. March of Dimes contribution cards will be mailed to box-holders from all post offices in the county. Community chairmen will be distributing containers to business houses. Several March of Dimes dances are already planned for county places.

"Many organizations are again taking an active part in the campaign. Community chairmen will welcome suggestions as well as co-operation. Do your part."

Local Lad Received Christmas Package

A letter from LaVern Mendenhall says that he is in "good" health and as happy as can be expected so far away, in Korea. He is ordinance-man first-class in the naval air corps, on a long-range bomber with the Seventh fleet (commonly known as a sea plane and the main base is in the Philippines).

The squadron covers a wide area in the Orient. His squadron is hoping that the world situation gets no worse at least for a time that they will be able to return to the states as the so-called tour of foreign duty is about over for the present.

The group was awarded an air medal.

LaVern received all his Christmas packages in due time and he said it was indeed a treat to receive cake, nuts, cookies, candy and smoked salmon. It did have a Christmas atmosphere despite the time they had to fly that day. Their Thanksgiving dinner was all that could be asked, he said in his letters.

Use these columns—it pays!

First Aid Classes Attracts Crowds

Red Cross first aid classes being sponsored by the local Seventh-Day Adventist church, have become too large for them to be accommodated in the Adventist church school.

J. B. Meehan, instructor who has had extensive experience in presenting these classes all over southern Oregon, announces that with exception of Thursday night, Jan. 18, the first aid classes will be held at the Grange hall, in Harbor. Thursday classes will still meet at the Adventist church school on Easy Street.

The outstanding community interest in these classes at present is attributed to the current emergency which has focused attention on nation-wide civilian defense.

Classes meet promptly at 7:00 o'clock and last three hours each evening. This concentrated schedule is necessary so that classes may be completed early in February when Mr. Meehan, who has been in charge of constructing the new Adventist church, plans to return to his home near Grants Pass.

Next Thursday night will be the last opportunity for those interested who have not enrolled to do so if they expect to receive Red Cross certification upon the completion of the course. These classes are open to all who would like to attend occasionally but do not plan on completing the course.
