

That SNOOPY Home-maker

It is not necessary to wait now for your sweaters to dry on a heavy towel. Sweater of a new product, Ny-Cara, may be hung over a smooth line or rod to dry away from heat. These sweaters are among those ordered by JERI'S for spring and summer wear. Ny-Cara is a nylon produced from coal and corn, giving a thread of cashmere-like feel, with the stamina of permanent fit and color; non-allergic, winter warm and summer cool.

JERI'S have ordered these "just on the market sweaters" in blue, maise, mint, eggshell and biege.

Skirts of Dan River fabrics, JERI'S has in stock, are smart. The fabric is a novelty tweed like weave that makes up into a dressy tailored garment, producing an unusual skirt for the spring and summer wear. One style is made with fullness and pockets and another gives a skirt coat effect with large buttons and also pockets. These skirts are marked at the unbelievable low price of \$4.98.

JERI'S will have Easter garments for the little miss from 1 to 3 years. She will be the pride of your heart dressed in a fussy, ruffled, lace-edged or ribbon bowed midget of a dress, and perhaps a small imitation of her mother.

The "Ladies Interest Department" of CHETCO HOME AND AUTO SUPPLY CO. will profit by the experiences gained by Mrs. Goldsberry who is attending the Gift Show at Merchandise Mart in San Francisco, this week.

Spring must be here or at least close at hand, if garden seeds are any indication. Two large racks of flower and vegetable packaged Lilly's and Diamond seeds may be seen at Brookings Market. Because of the present state of emergency government leaders have decided to launch a "Liberty Gardens" campaign, similar to the Victory Garden program during World War 2.

Within the next few days this campaign is expected to be "off the record" and "set off" in the south and Pacific Coast where climatic conditions permit early planting of crops.

You will want to get sweet pea seeds in the ground soon, if you have not done so, and just looking over the display will aid in making your future plans for planting. It will have a similar psychological re-action as looking through the spring seed catalogs. During the short remaining rainy season DIMMICK BROS. would like to caution customers to remove all plastic rainwear before going into the lockers. The extreme cold stiffens the plastic which makes it brittle and thus easy to crack or stick to the icy interior of the locker room.

A most busy place is our local WILLIAMSON'S BAKERY. To somewhat ease the strain of too

much work for the number to accomplish it, a new bread wrapping machine has been installed. This automatic machine will wrap in 15 minutes the same number of loaves it would take one hour to wrap by hand. Let's salute or congratulate the WILLIAMSON BAKERY today on their step towards progress.

Orders for special Valentine pastries or entertaining will be gladly accepted. Let me put "bug in your ear"—Mrs. Williamson is a master at decorating goodies.

Those who are anxious to make the dollar go a long way will be interested to learn that the big sale advertised last week will continue until Saturday night of this week at PHILLIPS CLOTHING store.

LARGE SIZES that often are hard to get are available for women in slips and gowns, rayon lace trimmed. These are in odd sizes, 38 to 52.

Slips reduced to \$1.50 and gowns to \$1.98 to clear.

Yardage to close out is marked at cost. These pieces include all print and solid colors, also three bolts of spun rayon.

There are misses and ladies dressed marked below cost. A number of size 12 wool slacks would be a grand buy. While at PHILLIPS look over the table of odds and ends priced to clear.

Ramrods Tip Pyke In Hot Basketball

The Ramrods won another hotly contested game last week, defeating Pyke's Variety in a league tilt at Crescent City by score of 63 to 60.

Jim Barrett was high scorer for the locals with 20 points, followed by Whitey Matson and Harold Putnam with 11 each, and Tony Felipe with 9. George Yamor was "hot" for Pike, tallying 24, Gallagher, also of Pyke, had the range with six consecutive long shots, for 12, all in the second half.

This gave the Ramrods 11 wins in 13 starts for the season and one win and one loss in the second half of league season play.

The Ramrods take on Denney Logging Co. of Smith River at the Crescent-Elk grammar gym Thursday of this week, in the second of a twin bill. The Denney club is one of the better teams in the league and should offer plenty of opposition.

A fast game and one not quite so fast will be the treat for fans at the high school gym tonight.

LOCAL NEWS

Kenneth Janicke and George Gardner have enlisted in the army and will report for duty on February 20.

Mrs. J. L. Mumbower received word that her mother, Mrs. Halley Hurlbut, who underwent surgery at Modesto recently, is recovering rapidly and expects to go to her home this week.

Mrs. Tony Olsen returned recently from Portland where she had gone for a medical checkup and to visit relatives.

Little Jerry Lee Cagley is at home now and able to return to school after her serious illness at Christmas time.

Claude Clayton started this week to work at the Harbor Store. He was employed by the Hanscams all during the war, so is being welcomed back by his many friends.

This area was well represented Tuesday night at the second in the series of community concerts, held at Crescent City. Miss Virginia McWatters, colortura, answered to four encores.

Mrs. Ina DeMoss is suffering cracked ribs sustained in a fall against a chair in her home. Her son, Bert, is staying with her at night.

Bert DeMoss has completed

the moving of his auto parts store from the Brookings Market building to the building vacated by Gould's Shoe Store.

Mrs. Barney Klahn (formerly Ruth Carr) of Orick, was in town last week on business.
