155 Curry County People Partake of Security Benefits

Statistics compiled as of Feb. 28, 1951, establish that 155 persons residing in Curry county are now receiving payments to-

talling \$5,186 each month. These payments are being made principally to retired workers who have attained the age of 65 and to their wives. However, a large proportion of the total is also being paid to survivors of insured workers who have died. The breakdown is:

Retirement Payments	89	\$3476
Wives of Retired Workers	18	372
Children under 18	32	848
Widows	12	381
Mothers	3	81
Dependent Parents	1	28
TOTALS	155	\$5186

The figures quoted were furnished by Paul F. Johnson, manager of the Eugene office of the social security administration. He stated that under the new rules, anyone now 65 years old or who will be 65 before July 1, 1954, needs to have worked only about one and one-half years in jobs covered by the law. Payments cannot begin, however, until the individual has attained the age of 65.

Employed wage earners who are now 75 years of age or over receive an old-age insurance check for every month even if they are working full time. Widows of World War 2 veterans with children under 18 in their

care and whose husbands were killed in service or who died after discharge may be entitled to monthly payments, as well as those widows whose husbands died after having worked long enough to become insured under the social security act. Children under the age of 18 of a woman worker who died after 1939 may be eligible for survivors payments provided their mother had worked at least a year and a half in the three years preceding her death. In such cases it is immaterial if the children were living with and supported by their father. The wife of a retired worker may be eligible for benefits if she has attained the age of 65, or regardless of her age if she has his children under age 18 in her care. An aged, dependent husband if a retired woman wage earner may also be eligible.

Johnson urged that any person who may be eligible for any of these benefits listed, get in touch with the social security administration promptly so that loss of payments due may be avoided. The office serving Curry county is located at 1247 Willamette St., Eugene, Oregon.
