

Jim Nierman Hurt In Carrier Accident

Jim Nierman, one of the Pelican baseball team stalwarts, and currently working for Parker-Schram Co. on the highway construction, had a narrow escape Friday, when the carry-all he was driving, went over the high grade on the Harbor hill. While the carry-all was pretty well damaged, Jim escaped with no more than several scratches on his face, and a sorely sprained left arm, naturally his throwing arm, which side-lined him over the week-end.

No one witnessed the accident and it was not learned just what caused the machine to get out of control. He is back on the job, however, a little sore, but still working so he may enter his sophomore year at college.
