

Pelicans Lose To North Bend In League Final

The strong Coos Bay-North Bend team, state tournament winners this summer, also annexed the Southwestern Oregon league pennant by downing the Brookings Pelicans in a 5 to 1 ball game at North Bend Sunday.

While the final score was decisive, the Pelicans put up a stubborn battle. Wally Maciel again pitched a better than average game for Brookings by holding the power-packed Lumberjacks to eight hits and retiring the Jacks in order in the first three innings.

Maciel issued his only base on balls to Curly Leininger to start the fourth and Ken Jensen promptly laced a triple to left to score Leininger for the initial run. Darrell Nelson, next up, hit a bouncer to Keith Johnson at third with Bob Astin getting the putout on the run-down play. Astin made it a twin-killing by then firing to Matson to nail Jensen off second.

The Jacks added two runs in the fifth on a combination of breaks. Dick Wenner got a life as Chuck DeAutremont dropped his fly ball after a hard run. Jim Ruggles also got on as the plate umpire ruled he was hit by a pitched ball. Wenner and Ruggles bath scored on successive singles by Lou Scrivens and Stu Fredericks.

Dick Wenner, who has hit many a homer as a Portland Beaver, proved his power by crashing one of Maciel's fast balls far over the 330-foot left field fence in the seventh. The Jacks ended their scoring in the eighth on Joe Sugura's double and Tom Warren's single.

While the position scoring was in progress, most of the Pels were having their usual difficulty with "tough" pitching, although matching the Jacks in the hit column. Whitey Matson and Chuck DeAutremont both singled off Stu Fredericks with one down in the first but Bob Astin forced DeAutremont and Jim Nierman struck out. Fredericks retired the side in order in the second, third and fourth.

The fourth looked like it might develop into a big Pelican inning. Hank Westbrook bloomed a single over third, Bunky Peterson struck out and Keith Johnson singled. Wally Maciel also struck out but Bill McLean kept the in-

ning alive by drawing Frederick's only walk to fill the bases. Whitey Matson, next up, was determined to punch across some runs but Hank Westbrook was out. Scrivens to Fredericks, as he tried to score on a passed ball.

The Pels broke their three-game run famine with a long tally in the eighth as Bill McLean singled and scored on Chuck DeAutremont's third hit of the game and second double.

The defeat dropped Brookings to sixth place in the final league standings. The Coquille Loggers won their third straight by dumping Medford 6 to 3 and gained fourth place. The Roseburg Chiefs dropped the play-off of a protested game to Bandon Saturday night but took Reedsport, 4 to 0, on Sunday to land in the fifth slot.

The single elimination play-offs between Coos Bay-North Bend, Medford, Bandon and Coquille are scheduled for the Bandon park next Sunday and Monday.

MOSS PINK

Moss Pink is a modest little plant, but a hardy one. On dry sandy, or rocky soil, where most flowers would wither and die, it flourishes and spreads.

Growing in colonies, Moss Pink blankets the ground with a trailing mat of green. Reaching upward from the low parts are stems bearing thin, pointed leaves, shaped like needles. At the ends of the stems are clusters of pink, white, or purple flowers, each with five petals. The plants cling close to the ground, never rising more than six inches.

When a mass of Moss Pink is

in bloom, from April to June, it looks like a bright carpet covering the earth. Later in the season, after the blossoms are gone, the stems and leaves stay green.

According to the National Wildlife Federation, Moss Pink is found in the northeastern fourth of United States. Although it may grow as far north as Ontario and as far south as Florida, it thrives chiefly in the region bounded by New York, North Carolina, Tennessee and Michigan. A native American plant, it is a member of the Phlox family.

When growing wild, it anchors down the soil and keeps beating rains from washing away the dirt. If it were not for the thick mats of Moss Pink, many a hill or slope would be furrowed with gullies.

The plant also does well in flower beds and rock gardens, says the National Wildlife Federation. It comes in a dozen or more varieties which are easily grown. Like its wild cousin, Moss Pink in gardens forms bright patches of color in the spring.

For interesting information on other wildlife species, write to the National Wildlife Federation, Washington 10, D. C.

Pvt. Donnie Raymond is enjoying a week at home on his way from Camp Gordon, Ga., where he has been stationed, to Camp Kilmer in New Jersey. He is with the signal corps.

NOTICE

Ladies of the Chetco Home Extension unit, this is to tell you that you may leave your jams, jellies, pickles or relishes, which you wish to donate at Young's 5 and 10c store up till August 30, from where they will be taken to Gold Beach for the Home Extension sale at the fair, or bring them with you when you come to the fair August 31 or September 1 or 2.

PHYSICAL EXAMS OF STUDENTS POSTPONED

County Nurse Dorothea Miller told the Pilot on Wednesday that children entering school September 1 for the first time and those transferring from another school will not be required to have the physical examination until arrangements are made with doctor, etc. As soon as a definite date is set for this examination, it will be announced in the Pilot.

Booneville power administration has readvertised for bids for construction of the Bandon-Port Orford-Gold Beach 115 kv transmission lines in Coos and Curry counties. The recent bids received were rejected as being too high. Under revised plans, the

successful contractor will be given additional time to construct the 24-mile and 27-mile sections of the line respectively. Three hundred and sixty calendar days will now be allowed for completion of the entire project. Bids are scheduled to be opened in Postland September 2.

A head-on collision with a Cadillac this side of Fort Dick, Calif., on Monday caused the death of "Happy" Gorbett. Lennie Fike arrived at the scene and assisted.
