

### Two Tell Club Of English Gardens

Mrs. Priscilla Robinson, who recently returned from a 5-months trip to England, was a guest speaker at Azalea Garden Club last Thursday, sharing the program with Mrs. E. E. Kilpatrick.

Her subject was English gardens, and she discussed some of the differences between our own and her sister's. Marrow, a vegetable much seen on English tables, grown in English gardens, is one unknown here. She introduced corn to her relatives who liked it even though eating it was a trifle messy.

Flower seeds are not purchased, but saved and exchanged between neighbors and friends. Mrs. Robinson is particularly fond of primroses, seen so much in the English gardens.

Mrs. E. E. Kilpatrick, sent to Denmark by the national federation of country women, through the home extension of Oregon, gave quite a talk of her tour and told of how women of the European continent felt toward America.

### Will Mark Plants At Azalea Park

This letter, from the Oregon State Highway Commission, is self-explanatory, and should give local residents some joy that any future visitors to the local park will be informed as to every plant and shrub in the park:

Dear Mrs. Miller: I wish to thank you for your letter of Oct. 4, relative to the identification of the various shrubs and trees in Azalea Park area, which your club desires and which you believe will

be of benefit to the visitors of the area.

We will make a special point of marking these shrubs sometime during the winter, and it will be very pleasing if your club would aid us in preventing the loss of the markers which so often occurs in these public places. Thanking you for your interest, I am

Very truly yours,  
C. H. ARMSTRONG,  
State Parks Supt.

### Rotary Speech Read To Club, Tue.

The speech delivered at the Rotary International convention by Warren Austin, U. S. representative at the United Nations, was read, Tuesday, to the local Rotarians by Archie Hendricks. The talk, "Where Do We Go From Here?" re-iterated the U. N.'s hope and aim in maintaining a just and lasting peace, but not a peace of appeasement.

The speech told of the methods employed by the Communists, in invading churches with some sort of a peace plan in an effort to divide the thinking of this country and its citizens.

### Reception Set For Local Newlyweds

A reception for Mr. and Mrs. Al Sarver has been set for Friday evening at the V. F. W. Hall, when friends will welcome the newlyweds to the community.

Mrs. Sarver, the former Ruth Lenoid of San Diego, and Mr. Sarver were married at the Reno Methodist church last Friday, according to Mr. Sarver's mother.

All friends of the couple are invited.

### LOCAL NEWS

Members of Curry County division of the Oregon Educational Association were guests of the Brookings teachers Friday evening. The meeting was first for this school year. There were about 35 present from the various county schools. Refreshments were served following the meeting at "Spook's Drive-in."

The home of Charles Carpenter, near Cape Farrello was destroyed by fire a week ago, it was learned late last week. Nothing was saved except a few pieces of clothing which Mrs. Carpenter had taken to her mother's home to iron. There are three small children. Friends and relatives are providing a few garments and a place to stay until the family plans for the winter are decided.

Carl Rettke, attached to the medical corps at Fort Lewis, is visiting his brother, Robert, this week.

Mr. and Mrs. E. E. Hanscam Sr. and son, Merle, left the first of the week for Eastern Oregon to take in the last of the deer season and the first of the elk season. They were to meet Mr. and Mrs. Lester Thornton at Prairie City on Monday.

Mrs. Ferne Brule and George Hansen left last week for their homes at Siera Madre, after enjoying the summer months at their places on the Upper W. chuck river.

In a letter to her parents, Mr. and Mrs. Claude Goldizen, Betti said she had a promotion in rating with the civil service commission and also a substantial advance in salary. She is a private secretary to the traffic manager of the Port of Huenema, to the North of Los Angeles. This office manages all naval movement and loading of government vessels in that base. Betti leaves Friday night for Albuquerque, N. Mex., where she will spend a week with her brother, Vernon, who is a senior at University of New Mexico, majoring in science.

Mr. and Mrs. Glen Johnson and family left for Los Angeles last week to spend the winter months.
